

Closest Election In History of State in Second Primary Saturday: Light Vote Cast in Most Counties of State

Texas witnessed the hottest and closest election that has ever been pulled off in the state last Saturday for the office of United States Senator to succeed Senator W. Lee O'Daniel.

Coke Stevenson took an early lead of 6,000, but this lead was gradually whittled down by Lyndon Johnson throughout the count of Saturday night and Sunday morning.

Johnson took a 600 lead late Sunday when South Texas counties reported. This lead was replaced by a 300 lead for Stevenson Monday, but the Johnson vote continued to reduce the Stevenson lead. Tuesday night the Stevenson lead was 296 votes.

It is unlikely that the final results will be known before the official canvass is made at the State Democratic Convention in Fort Worth on Sept. 13.

Randall county cast a vote of 2100 on Saturday as compared with 3100 in July.

Mrs. Elzie Price was retained by the voters as County Treasurer when she defeated Mrs. Ruth Hill by a vote of 1098 to 1021 for Mrs. Hill. Canyon cast a total of 1277 votes. This was 300 votes under the total cast in July.

Pat Baber won the office of County Commissioner, Precinct No. 1 by defeating G. B. Heath 731 to 546.

Donations For Chapel Sought By Dr. Hill

In my absence the Chapel project will be in the hands of Tom Langston, Secretary to the President of the College, who will receipt all contributors and deposit contributions in the bank. Mr. Langston has complete familiarity with the books, the method of handling, etc. and will be glad to receive gifts.

I shall personally resume solicitations when I return from my vacation. This building must and will be erected as soon as conditions will permit. I hope many more people in Canyon will participate in this program. It will mean much to the college, to our community, and to the state.

Cordially yours,
J. A. Hill

A model of the proposed chapel has been placed in the display window at The News office. Citizens of Canyon may leave contributions for this building at the News office and the checks will be sent to Mr. Langston.

Guy Harold Clark Died Friday With Funeral Saturday

Guy Harold Clark, 80, died Friday following a short illness. He has lived her for 16 years and was associated with his son in Bob's Coffee Shop during most of that time.

The funeral services were held Saturday afternoon at 5 o'clock at the Methodist Church, conducted by Rev. Hubert Thomson. Mr. Clark was a member of this church and of the Masonic Lodge.

Pall bearers were D. W. Foster, Ray Campbell, John Hunter, Lorenzo Wirt, Silas Hart, W. H. McKee. Interment was in Dreamland Cemetery.

Surviving are the widow and son, Bob Clark; 1 grandchild; one brother, Roscoe Clark; one sister, Miss Mackie Clark of Canyon.

The Masonic Lodge had charge of the graveside ceremonies.

Labor Day Will Be Observed by Many Firms Here

Labor Day will be observed next Monday throughout the nation.

In a poll of business firms last December it was agreed by a majority of the business firms to observe Labor Day this year.

It is expected that most business firms will be closed for the day.

A labor day parade will be held in Amarillo Monday morning, but there will be no celebration in Canyon.

Miss Wanda Jean Davis of Cushing, Oklahoma is visiting her grandparents, Mr. and Mrs. John Davis.

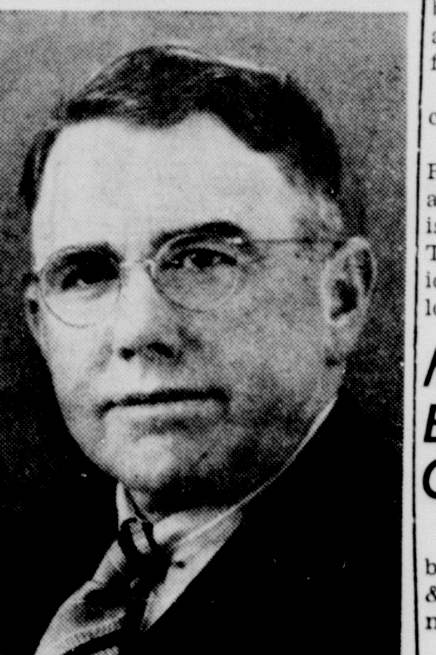

The Winners . . .

COKE R. STEVENSON
... who holds a slim lead

MRS. ELZIE PRICE

PAT BABER

Activities Fund Drive Started to Close Account

With the opening of the football season, attention is called by officers of the West Texas State Activity Association of the need for funds to carry on this work for the coming year.

A campaign was started several months ago at which time about \$6,000 was pledged. Only about half of this amount has been paid in, and collections of the full amount are now needed.

For the past two years Amarillo citizens have contributed more than \$6,000 to the fund. These people are being called upon again by members of the association to assist in this work.

The fund is not only being used to assist the athletic program of the college but likewise the Buffalo Band and other organizations of the college.

Gragg Takes Year's Leave of Absence

Dr. Donald Gragg has been named Research Psychologist in the Army Air Corps. He has been granted a year's leave of absence from the college faculty.

Dr. and Mrs. Gragg and children left Monday for their new home in San Antonio.

P. T. A. Executive Committee Holds Initial Meeting

Wednesday evening, August 25, the Executive Committee of the Parent-Teacher Association of the Canyon Public Schools met in the home of Mrs. W. E. Miller, president, to make plans for the coming year.

Mrs. Lee Foster presented the programs for the coming year. These were discussed and approved.

The first meeting of the Association for this year will be on third Thursday in October.

Officers for the coming year are: President, Mrs. W. E. Miller; vice president, Mrs. Lee Foster; secretary, Mrs. Vearl Iverson; treasurer, Mrs. Clay Cooper; Historian, Mrs. Hud Prichard; parliamentarian, Mrs. A. B. Holt.

Committee chairmen are: Membership, Mrs. Bill Crow; finance and budget, Mrs. R. A. Neblett; publicity and goals, Mrs. Lewis K. Bolton; hospitality, Mrs. Wilford Taylor, Jr.; publications, Mrs. Crews Henry; study course, Mrs. J. D. Barker; room mother and lunch room, Mrs. Worth Jennings; motion picture and visual education, Mrs. E. D. Harrell; faculty advisers, Mr. E. A. Wooten, Miss Elva Fronabarger and Mr. J. E. Miller.

X-Ray Pictures To Be Taken of All Over 15 Age

The Texas State Health Department will have its field crew in Canyon on Sept. 23-29 for the purpose of taking X-Ray pictures of all citizens 15 years of age or older. The department is making a check for the purpose of studying tuberculosis in the state.

This is a free service, according to Dr. Robt. Jarrett, city health officer. It takes only a few minutes for the picture. The service is free.

A report on the finding will be forwarded to the family physician of each individual, and no one else will know anything about the findings.

Dr. Jarrett states that eight women will be needed to assist in making records of the persons who will have the X-Ray pictures. Two women will be needed for each half day period, and he is asking for volunteers before the equipment arrives.

The crew will work at the American Legion Hall.

It is urged that each person in Randall county shall take time off and have these pictures taken. It is unnecessary to remove clothing. The State is offering this free service in the drive to control tuberculosis among the people of Texas.

Monroe Henson Bought Palace Cafe Thursday

Monroe Henson of Amarillo has bought the Palace Cafe from Taylor & Sons and plans to open the business in a few days.

The building is being repainted and the front of the building remodeled.

Mr. Henson states that he will not repaint the inside at present as he will install new fixtures and then have the interior repainted.

The Hensons were in the cafe business in Canyon several years ago. Monroe is the son of the late A. N. Henson, a former county judge and mayor of Canyon. They have been operating the Blackstone Coffee Shop in Amarillo until recently.

MARRIAGE LICENSES

P. E. Lindsey to Mary Katherine Finley, August 24.

William L. Gresham to Louise Simpson, August 26.

Robert W. Lawler to Helen Cochran, August 26.

Miss Velma Neece of Ft. Worth visited with Joy Sudderth last week.

Dr. and Mrs. J. A. Hill Express Appreciation to People of Canyon

To the People of Canyon:

This seems to be our best means of expressing to each of you our very deep appreciation of your many kindnesses to us. We sincerely wish we might speak to each one in person. Perhaps in the years ahead we may have a chance to express our gratitude to the community in some more adequate way. You have been more than good to us and we shall not forget it. Last week's News simply overwhelmed us. Mr. Warwick and others did a monumental piece of work for which we are profoundly grateful. At the same time we realize that there are many other very dear friends who could not speak through the press. We shall not forget them either. The faith and friendship of the people of Canyon have been a source of strength to us through all these years. We could not have done a good job without it.

With abiding gratitude, we are

Mr. and Mrs. J. A. Hill

Your friends,

Schools Vote to Join Independent District in City

Three school districts voted Tuesday in favor of consolidation.

The vote in Canyon and Stone was unanimously in favor of consolidation, while the vote in Lakeside was 15 to 8 in favor of consolidation.

This was the third step toward consolidation of 15 common school districts with the Canyon Independent district.

The first step was taken recently when an election was held regrouping nine common school districts with the Canyon districts. After these ten districts were united, the County School Board added four school districts which had less than 10 scholastics each.

It was necessary to hold the second election Tuesday in order to bring the Stone and Lakeside districts into the Canyon Independent district.

Another election will be held soon for the purpose of each district assuming the outstanding bonds of the other districts of the consolidation.

The name of the new district will be the Canyon Independent Rural High School District.

Assessments of taxes for the year are being made in the office of the district and books set up to handle the affairs of the new district.

When school opens in Canyon all children of the consolidated districts will be transported under the supervision of the new board of trustees which were named by the County School Board to serve until the election is held in April of 1949.

Stork Specials

Mr. and Mrs. Jay Ray Hunter of Amarillo are the proud parents of an eight pound boy, born August 25. Mr. and Mrs. John Hunter are the proud grandparents.

Mr. and Mrs. Louis Reed of Eldorado, Arkansas, are the parents of another girl, born August 12. She is named Carol Louise and weighs 8 pounds. Mrs. Reed will be remembered as Jean Prater.

A baby boy was born to Mr. and Mrs. A. B. Hefley on August 26. Born to Mr. and Mrs. Haley Aycock, a son, on August 27.

Mr. and Mrs. Clyde Brummett are the parents of a boy, born August 28.

Mr. and Mrs. Harold Black are the parents of a daughter, born August 29.

A daughter was born to Mr. and Mrs. E. G. Snodgrass on August 30.

Last of Summer Union Services to Be Held Sunday

The last in the series of Union Services with the Christian, Methodist, and Presbyterian Churches participating, will be held Sunday evening at 6 o'clock at the Christian Church with Rev. Benjamin E. Bollman bringing the message, on the theme, "Bread of Life."

These services have been well received and an average of eighty or more have attended each Sunday.

The public is cordially invited to attend this closing service.

Golden Green and family of Earth, Texas, spent a few days in Salem, Oregon, visiting Mr. and Mrs. W. B. Walker. Then with Mrs. Jeanette Robbins returned to their home by way of Yellowstone National Park. Mr. Green and Mrs. Robbins are brother and sister.

Mrs. Aquilla Maloney of Vernon has returned to her home after having spent two weeks in the home of her cousin, Mrs. A. D. Prater and family.

Mrs. W. J. Porter from Rocky Ford, Colorado has been visiting in the home of the family of W. F. Baird for the past week.

Dr. J. A. Hill to Write Daily Column in Amarillo Times

DR. J. A. HILL

Announcement was made last Thursday by the Amarillo Times that Dr. J. A. Hill would soon begin writing a column for that paper. Dr. Hill retired as president of West Texas State on Tuesday afternoon and was succeeded as president by Dr. James P. Cornette.

The new column will be headed "Hill-Top Views."

Dr. Hill stated in a radio interview Sunday that he was going to test out the old adage "You cannot teach an old dog new tricks."

Publisher S. B. Whittenburg of the Amarillo Times offered Dr. Hill this opportunity several months ago and indicated that he was confident the column would be a great success.

Dr. and Mrs. Hill left Tuesday afternoon for a long vacation trip. They will go through Kansas, Nebraska, Iowa and spend four days in Madison, Wisconsin before returning to Minneapolis and St. Paul. They will then go to the West Coast to visit in the home of their son, Joe Hill.

Mr. and Mrs. Houston Bright will return from Los Angeles this week and will live in the Dr. Hill home while they are away.

During their absence Tom Langston is looking after the private and public business of Dr. Hill.

40 Varsity Men and 35 Freshmen Buffalo Training

Forty candidate for places on the Buffalo Varsity team and 35 candidates for the freshman team met the coaching staff of West Texas State Tuesday. Equipment was issued to members of the squads and plans made for opening of the strenuous training period.

Coach Frank Kimbrough met his squad Wednesday morning and started on the program of conditioning which will get the men in shape for the first game on Sept. 11.

Two drill periods will be held daily until the opening of college.

All colleges in the Border Conference started the training period on Sept. 1. While the Buffs have the first Border Conference game on Sept. 11, Texas Tech will not play on that date but will have a large delegation of players to scout the Buffs. The Buffs go to Lubbock Sept. 18 to meet the Red Raiders.

Many improvements have been made on the Buffalo Stadium during the summer, including the addition of 2600 seats; new dressing rooms; and a press-radio booth on the west side.

Odus Crowell is assistant to Kimbrough, while Borden Price and Hatcher Brown are in charge of the freshman squad.

Tickets Available For Santa Clara-SMU Football Game

Coach Frank Kimbrough states that he can secure tickets for Canyon fans for the Santa Clara-SMU football game at Dallas on Saturday night, Oct. 23, provided he is given the money at once. Tickets are \$3.70 each. General admission is \$2.10.

The Buffaloes play East Texas State at the Dallas Fair on the afternoon of Oct. 23. The admission to this game is \$1.80, and tickets are on sale at the College Book Store.

Mrs. Nettie Beard of Horton, Kansas, and her daughter, Ressa Bales and son, Wayne, of Topeka, Kansas, visited in the home of her sister, Mrs. M. E. Cleavinger, Sr., and relatives from Wednesday till Friday afternoon.

Mrs. G. E. Stotts and sons, John and Jo, and twin daughters, Annette and Janette of Cottonwood, Arizona, visited from Sunday through Friday in the home of her sister, Mrs. H. E. Campfield.

Dr. James P. Cornette Became Third President of West Texas State with Blessings of Retired College Head

Dr. James P. Cornette became president of West Texas State College Wednesday morning. He is the third president of the institution in its 38 years of service to the people of Northwest Texas.

Dr. Cornette moved here from Baylor University, Waco, on January 1st and has been executive vice president since that date. He has officed with Dr. Hill during the past eight months and was in charge of the administrative affairs of the college. He served as dean of Baylor University before election to his position in West Texas State.

There were no formalities when Dr. Hill left his office on Tuesday afternoon, and turned his keys over to Dr. Cornette. A hearty handshake and farewells were spoken by both men, who have worked together for eight months and know the problems of the institution so well, was the only ceremony. A radio transcription was made of the final greets of Dr. Hill and Dr. Cornette.

The formal inauguration of Dr. Cornette will be held on October 2. Invitations are being sent this week to school administrators over the area and friends of the institution.

Dr. and Mrs. Cornette and three sons will continue to live in the Allen home on Fourth Avenue until the state is in a position to build a new home for the president on the site of the former president's home. The old building is in process of being moved to a new location and will be remodeled for apartments.

Since his arrival here Dr. Cornette has devoted much of his time to visiting various sections of the Panhandle, getting acquainted with the people and the problems which they have.

Major Cheshire Visits Regular Drill of Co. E

Major William A. Cheshire, commanding the 2nd Bn 142 Inf. of which Co. E is a part, visited the unit during the regularly scheduled drill Tuesday evening.

Major Cheshire was highly complimentary of Co. E during the recent encampment at Camp Hood. He praised particularly the spirit and interest shown in weapons and associated subjects.

He expressed his gratitude for such a fine company in which there was splendid cooperation between men in accomplishing details under adverse conditions. "Very noticeable was the courtesy shown superiors," he said.

Capt. Donald Olsen and Lt. Robert Bellah and all members of Co. E should receive credit for such a fine showing at Camp Hood, under the eyes of a number of inspectors from Fourth Army Headquarters, San Antonio.

The Field Training payroll paid to Co. E at Camp amounted to \$2,500.00. In addition Co. E also received their checks for the army quarterly pay ending July 31st amounting to \$1,400.00. Of the \$3,900.00 received, Maj. Cheshire stated that practically all of it came back to Canyon.

Hospital News

Mrs. C. E. Hightower, surgical.

Mrs. R. E. Westbrook, surgical.

Mrs. Frank Hicks, medical.

Jane Campbell To Sing Sunday a. m.

Miss Jane Campbell, daughter of Mr. and Mrs. Ray Campbell will bring a solo at the morning worship service at the Christian Church Sunday. She will sing, "Teach Me To Pray" by Jewett.

Miss Campbell is a music major at the University of Texas, and has won several honors in her field of study.

Everyone is cordially invited to attend this service.

Water Experts To Make Survey of the County

The Water Committee of the Randall County Farm Bureau has made a deal with Keplinger and Wanenmacher, a firm of geologists of Tulsa, Oklahoma, whereby a study will be made of the water resources of the Northwest part of Randall county. The work is being done by J. M. Wanenmacher assisted by Kenneth Renberg.

This is the first authentic survey of the water supply to be undertaken in behalf of the farmers and land owners. Other water studies have been made by various agencies and individuals for various reasons and for various purposes. This survey will be made by impartial experts for the land owners. A number of irrigation well owners including the Bush Estate have contributed the money to finance the survey.

Members of the Farm Bureau Water Resources Committee for this year are M. L. Davis, Chairman, Clarence Beckman, Forrest Gruner, Frank T. O'Brien and A. E. Wise.

It is expected that the water study will be completed early this fall. The completed report will likely be used by the committee in making recommendations to the State Farm Bureau in connection with its work on State water legislation.

I. M. Steens to Celebrate 50th Anniversary

On Sunday September 5, Mr. and Mrs. I. M. Steen of 1004 Third Avenue will celebrate their Golden Wedding Anniversary by holding open house for their friends and neighbors from 3:00 to 6:00 o'clock.

The Steens are expecting their five girls, four sons with their wives and husbands and the 31 grandchildren and 9 great-grandchildren to be present for the celebration.

They extend a cordial invitation to friends to call at the open house hours.

Mr. and Mrs. Henry Loter of Plainview visited in the Murray Boston home and camped at Buffalo Lake over the week end.

Miss Beryl Hixson attended the meeting of the teachers of home-making in San Antonio last week. Miss Hixson teaches in Amarillo.

Registration of 18-25 Year Olds Started Monday

Scores of young men are registering at the Lindsey Motor Co. for the first peace time military draft in the history of the nation.

The registration is under the supervision of Mrs. Tommie Prichard, who was clerk of the Randall County Selective Service Board throughout World War II.

In addition to the registration here, Dr. S. H. Condon arranged for a local citizen to go to the Municipal Auditorium in Amarillo daily where Randall county men may register without coming to Canyon.

The registration will continue until Sept. 18.

Beautifully Decorated Methodist Church Forms Impressive Setting for Mercer-Fulton Rites

MRS. H. R. FULTON, JR.

An impressive candlelight ceremony united in marriage Miss Thelma Gean Mercer, daughter of Mr. and Mrs. Joe B. Mercer, and H. R. Fulton, Jr., son of Mr. and Mrs. H. R. Fulton, Sr., of Canyon, on Thursday evening, August 26, at 7 o'clock in the First Methodist Church here. Rev. Hubert Thomson, pastor, read the double-ring ceremony before an altar banked with large baskets of light blue delphinium and baskets of white gladioli. Large sprays of palm leaves cascaded from the base of the organ pipes and formed a beautiful background for the candlelight ceremony. The altar rail was covered with palm fronds and candles. The windows contained tall white tapers tied with white satin bows. Aisles were marked with four beautiful arches of huckleberry topped with bouquets of gladioli and tied with white satin bows.

Preceding the ceremony, Miss Ellen Sanders, organist, played "Chopin's Etude Op. 10 No. 3" and "My Heart at Thy Sweet Voice" from "Samson and Delilah" by Saint-Saens. Introducing the ceremony, Mrs. James Harmon, violinist, played "Romance" and James Harmon sang "I Love Thee" by Grieg. Traditional wedding marches were used. Miss Sanders played Debussy's "Reverie" as a soft musical background for the exchange of vows.

Attending the bride as maid-of-honor was Miss June Wimberly. Her gown of ice-blue satin was fashioned in the colonial style of the bride's gown with a peplum over a full hooped skirt. She carried a cascade bouquet of white amaranth lilies.

Misses Carolyn Wimberly and Sybil Ann Gillis, bridesmaids, wore identically fashioned gowns in light shades of pink and blue chiffon with shirred bodices and full hooped

skirts. They carried cascade bouquets of pink Amaranth lilies and blue amaranth lilies. Little Miss Debra McDonald, flower girl, wore a white chiffon dress and carried a white satin basket fashioned like a rose from which she dropped rose petals.

Richard Miller of Borger was best man. Bill Miller of Borger and Wayne Thomas of Canyon were groomsmen, and ushers were Tom Knighton and James Bates. Jim Mercer, brother of the bride and James Sumpter lighted the candles.

Entering on the arm of her father who gave her in marriage, the bride made a beautiful picture in a gown of white slipper satin styled with long fitted sleeves and a fitted bodice having an illusion yoke with a draped berth. The gathered skirt fell into a full length train and divided in front to reveal ruffles of lace. Her Cathedral length veil of imported French illusion and double rows of Chantilly lace fell from a tiara of seed pearls. She wore a single strand of pearls, a gift of the bridegroom and carried a bouquet of white orchids surrounded with bourdard with three strands of cascading pearls.

For her daughter's wedding Mrs. Mercer chose a dark brown crepe dress with light brown accessories and wore a large Cattleya orchid.

Mrs. Fulton wore a black crepe dress with black and gold accessories and wore a Picardy orchid.

Following the ceremony the couple was honored with a reception in the home of the bridegroom's aunt, Mrs. O. A. May. The home was beautifully decorated with large baskets of gladioli and delphinium. An arrangement of white roses centered the serving table and an arrangement of white gladioli adorned the guest register table.

The couple left immediately after the reception on a wedding trip to New Mexico and Colorado. For traveling the bride chose a suit of amber dusk with koko brown accessories and wore a white orchid corsage.

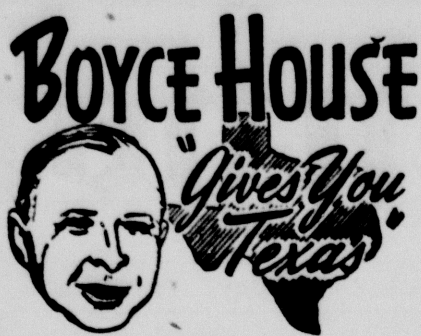

After September 3, Mr. and Mrs. Fulton will be at home at 2005 4th Avenue in Canyon.

The bride is a graduate of Silverton High School and will be a senior at West Texas State College where she will continue her studies. A voice major, she has sung with the Collegians and in Variety Shows throughout the Panhandle. She is also a member of Gamma Phi Sorority and Alpha Chi Honor Society.

The bridegroom is a graduate of West Texas High School and West Texas State College where he majored in piano and also played with the Collegians, college dance band. He is a past president and member of Alpha Sigma Xi Fraternity. He served two and a half years in the Infantry with fifteen months in the European Theatre. At present he is in business in Canyon as owner and operator of "H. R.'s Greenhouse and Music Studio."

Mrs. E. O. McNew of College Station is visiting in the Vearl Iverson home. Mr. McNew taught English in the West Texas State in 1927. Mrs. McNew taught Mrs. Iverson when she was in the first grade at Mineral Wells, Texas.

Robert Koch first isolated the tuberculosis germ.

September 2, 1948

A politician, known for the length of his speeches, was given a writeup in a newspaper, which began, "John Doakes spoke last night and this morning."

The origin of a favorite expression of political orators eulogizing their candidate goes back to Gen. Edward S. Bragg of Wisconsin who, in seconding the nomination of Grover Cleveland for president, said that the young men of Wisconsin "love him for his character and iron will but"—looking at the Tammany Hall delegates—"but they love him most for the enemies he has made."

History has told of Sidney, that gallant soldier, who lay mortally wounded, when an orderly lifted his head to give him a cooling drink of water. Nearby, an enemy, likewise mortally wounded, moaned for water and Sidney, thrusting the cup from his own lips, commanded, "Give it to him."

An incident which rivals that for profound courage took place during the Civil War. The body of a Confederate colonel was found at Gettysburg. In his hand was a note, which read:

"Tell my father I died facing the foe."

He had written the message with his left hand as his right hand had been shattered—and, for ink, the dying man had used his own blood.

CARD OF THANKS

We wish to express our appreciation for the many kind deeds and thoughtful expressions of sympathy of our friends at the time of the burial of our mother, whom we brought back from Montana to lay away among those she loved so well. The Laughery Families.

Mr. and Mrs. Dan Sanders, Ellen and Dick left Saturday to spend a week in the mountains of New Mexico and Colorado.

Promotions Made In Co. E at Camp

Camp Hood, Tex., Aug. 26—Promotions of enlisted men recently announced at the National Guard summer encampment at Camp Hood include the following men from Canyon: Sergeant Preston D. Pritchard promoted to Technical Sergeant, T-4 Charles Brasuel to Staff Sergeant, Cpl. James Lindsey to Staff Sergeant, Pfc. Charles Numbly to Corporal, Pvt. Harley G. Hicks to Technician 5th grade, Pvt. Billy E. Abbott to Private First Class, Pvt. Jack A. Barnett to Private First Class, Pvt. Earl W. Davis to Private First Class, Pvt. James W. Malone to Private First Class, Pvt. Roy L. Malone to Private First Class, Pvt. Robert E. McDonald to Private First Class.

James I. Hines of New Orleans and Frank Swanser of Long Beach, California are visiting in the J. T. Sykes home.

Miss Mary Green of College Station and Mrs. J. T. Sykes went to Carlsbad Caverns over the week end.

An eisteddfod is a congress of Welsh bards.

Quitting time?

Time for liberty to take a day off?

Time for us Americans to turn our backs and ignore the fact that freedom throughout the world is being threatened?

Time for us to forget how generation after generation of Americans have labored and fought to make freedom a living, working, wonderful thing?

Quitting time?

You can bet your life it isn't!

It's time for us to *really* start working . . . to start fighting for the way of life we love.

There are millions—only a few air-hours away in other countries—who can't enjoy Labor Day or any other day. They traded personal freedom for economic security—and then didn't get security.

Let's not follow their example. Let's protect our precious human rights here in America. Let's help restore the rights of those who have been victimized throughout the world.

It's not easy to do. Yet not too difficult, either. We simply do our jobs as good citizens. Study political issues. Read newspapers that represent opposing groups. Find out what candidates stand for and why. Our votes can help lock the door against any attempts to steal our freedom.

Let's take more interest in civic groups, too. Attend town meetings, union meetings, school meetings, and sound off when we think our freedom is threatened.

Quitting time?

No indeed! It's time to start working as full-time citizens!

WHAT TO DO ABOUT IT

FIND OUT ELECTION ISSUES. Attend local political gatherings. Hear *both* sides. Ask questions. **KNOW** the issues.

VOTE INTELLIGENTLY. No election is unimportant. Vote in all of them . . . according to your conscience. It's *your* government.

SERVE GLADLY ON JURIES. If you haven't served before, you'll be surprised to find how interesting and important it is.

JOIN LOCAL CIVIC GROUPS. Parent-Teachers' Association or School Board, if opportunity permits. Good education is vital.

VOTE IN UNION ELECTIONS AND STOCKHOLDERS' MEETINGS. Take part in the decisions that affect *your* life. Don't let someone else do it.

Freedom is everybody's job!

FAREWELL PARTIES HONOR MR. AND MRS. JACK CROW

Mr. and Mrs. Jack Crow, who are moving to Albuquerque, have been the honorees of farewell parties the past week.

On Wednesday evening Mr. and Mrs. Olin Huff honored them with a "42" party. Symbolic of the wishes of the host and hostess the tally cards carried the horse shoe emblem for "Good Luck."

Summer flowers used to decorate the entertainment rooms blended with the floral design luncheon sets used on the individual table when the hostess was ready to serve pi-

mento cheese sandwiches, potato chips, brownies and coffee during the social hour.

Guests were Mr. and Mrs. Floyd Tomlinson, Mr. and Mrs. Kermit Ponds, Mr. and Mrs. J. A. Young, Mr. and Mrs. T. M. Thurmon, Mr. and Mrs. Bill Crow, Mr. and Mrs. Ed Bourn, the honorees and the host and hostess.

On Friday evening the neighbors of Mr. and Mrs. Crow in the 10th block on Seventh Avenue and a few very intimate friends of the couple met at the home of Dr. and Mrs.

H. A. Brown for a covered dish supper.

Supper was served around the barbecue pit in the attractive yard of the Brown home.

After the supper was served the group enjoyed visiting and singing old and new songs by the light of the full moon.

Mr. and Mrs. O. B. Hancock and son of Durant, Oklahoma, and Mrs. Will G. Weaver and son of Frederick, Oklahoma, visited in the H. S. Sudderth home this week. Mr. Hancock is a brother to Mrs. Weaver and Mrs. Sudderth.

Spencer Winn Bridegroom-to-be Honored; Miscellaneous Shower

To honor Spencer Winn, son of Mr. and Mrs. L. D. Winn, and bridegroom-to-be of Miss Mary Ellen Slay, daughter of Mr. T. G. Slay, Pensacola, Florida, a miscellaneous shower was given in the home of Mr. and Mrs. Joe Baber, Monday evening at 8:00 o'clock. Hostesses for the occasion with Mrs. Baber were Mrs. J. J. Wright, Mrs. B. A. Burrus, Mrs. Ross Craig, Mrs. W. L. Avent, Miss Betty Baber and Miss Laura Glenn.

Beautiful home grown asters, dahlias and mums in especially interesting groupings decorated all the rooms of the lovely home.

Guests were greeted by Mrs. Baber. In the receiving line were Mr. L. D. Winn, father of the bridegroom-to-be, the honoree, Mr. Ross Craig, Thomas Harold Thompson, Don Standley, Charles Z. Taylor, Albert Craig, Charles Wright and Bruce Winn, brother of the honoree. After the guests had assembled and were seated, Mrs. Lee Foster presented Spencer with a beautiful and appropriate nosegay corsage made of bachelor buttons. This corsage was quite effective against the cream flannel sport coat worn by Mr. Winn.

A variety of gorgeous gifts were presented to the honoree who opened the packages and passed the gifts to be seen by the guests. At the refreshment hour the guests were served punch, sandwiches, mints, salted nuts and cake from a lace draped table centered with pale pink asters and appointed with crystal and silver.

The wedding is scheduled for Thursday, September 9, in the First Baptist church at Pensacola. Guests who registered were: Mr. and Mrs. J. E. Hunter, Lila Mae Hunter, Mrs. L. L. Hix, Mr. and Mrs. L. D. Winn, Mr. and Mrs. Ed Bourn, Mr. and Mrs. Harley Burrus, Mr. and Mrs. W. T. Oliver, Miss Mattie Foster, Mrs. Carl Hair, Mrs. Lonnie Byars, Mrs. Jewel S. Tabor, Mr. and Mrs. C. O. Elkins, Guy Harp, Mrs. Joe Black, Mrs. Tom Lair, Miss Irene Angel, Mrs. L. Angel, Mrs. F. A. Pierce, Mrs. Charles Marshall, Mrs. Clarence Stallings, Mr. and Mrs. Ray Metcalf, Mr. and Mrs. John Bryan, Miss Sue Ann Moreman, Miss Mary Ann Bellah, Charles A. Taylor, Albert Craig, Charles Wright, Mrs. L. L. Ingham, Mrs. Lee Foster, Frances Harp, Thomas H. Thompson, Don Standley, Mary Frances Colwell, Ross Craig, Joe Baber, B. A. Burrus and J. J. Wright.

Sending gifts but unable to attend were: Mrs. J. A. Burrus, Mrs. Emma Foster, Mrs. E. L. Prichard, Mr. and Mrs. A. B. Odon, Mr. and Mrs. Bill Smith, Mr. and Mrs. Dan Sanders and family, Mr. and Mrs. Wes Kleinschmidt, Mrs. Maggie Burrus, Miss Pearl Black, Miss Alice Pierce, Mrs. Tuck, Mr. and Mrs. Jay Prichard, Mrs. Guy Harp, Mrs. John Robinson, Bob Black, Mrs. McKay, Mrs. Glenn Dowlen, Mrs. Pat Baber, Mrs. J. A. Smith and Mr. and Mrs. C. L. Thompson.

ALL MEETING OF MOTHER-IN-LAW CLUB SCHEDULED
The September meeting of the Mother-in-law Club will be at the home of Mrs. Fred Marshall on Thursday, September 9 at 3:00 o'clock. The original schedule called for the meeting the first Thursday in September, but since the heat has been so intense, it has been planned to move the meeting back one week.

All members are asked to be present as plans for the new year will be worked out at this meeting.

MEXICAN DINNER GIVEN IN YARD OF MRS. C. O. ELKINS
On Friday evening Mrs. C. O. Elkins entertained with a Mexican dinner in the lovely backyard at her home at 510 12th Street.

Fall flowers were used to decorate the serving table and the individual tables. After dinner the group enjoyed listening to latest records.

Those attending were Bertha Lindsey, Betty Ross Craig, Juanita Avent, Gladys Thomas, Merle Bullard, Mrs. Tommy Prichard and the hostess.

BRIDAL COUPLE VISITING IN COFER HOME THIS WEEK
Mr. and Mrs. Kenneth B. Cofer of Pasadena, Texas, are visiting in the home of his parents, Mr. and Mrs. Roy Cofer, and aunt, Grace Weller.

Mr. and Mrs. Cofer, the former Hope Matthews, were married at the First Baptist Church in Pasadena on August 28 at 7:00 p.m. The pastor, Dr. L. D. Morgan read the services.

The Gleavinger families and W. E. Miller family attended the annual Spring Lake reunion of the old settlers at the Park in Plainview. This is held in August each year and usually 100 or more attend.

Mr. and Mrs. Herbert Slack and little daughter, Jane, of Tucumcari, New Mexico, visited Sunday and Monday in the T. V. Slack and James Jennings homes.

Capt. Fred Hart left Sunday for Dayton, Ohio, where he will return to his duties in the Army Air Corps. He was nearly recovered from his recent car wreck in Louisiana.

Mr. and Mrs. Tom Newton and Joyce with Mr. and Mrs. J. L. Newman and Jessie Wayne spent last week in Colorado and New Mexico.

Dr. and Mrs. F. L. Shannon of Denton are guests in the Wm. Brune home. Dr. Shannon is pastor of the First Presbyterian Church.

Carroll Sorelle, Dick McDonald, Bill Knighton and Jim Knott left Monday night for a few days fishing in Colorado.

W. B. Robins of Birmingham, Alabama, visited in the home of his sister-in-law, Mrs. Jeannette Robins, over the week end.

Help Keep Canyon Clean!

Help Needed For Registration of Men 18-25 Years

Dr. Stuart Condon talked to the Rotary Club Tuesday on the registration under Selective Service, and called for assistance in this work. Dr. Condon is a member of the four county board, composed of Randall, Deaf Smith, Castro and Farmer counties. Hereford is the headquarters.

Due to a change in plans, registration is now being held at the Lindsey Motor Co., with Mrs. Tommie Prichard in charge. Mrs. Prichard was in charge of Selective Service in Randall county during World War II.

In order to assist men living in the north part of the county a Randall county representative is sent daily to the Municipal Auditorium in Amarillo where men of the draft age may register. Amarillo citizens are engaged in helping with the Randall county registration.

When registration started here Monday there was no one to assist Mrs. Prichard. Others volunteered after they saw the necessity of having more help. Dr. Condon hopes that citizens of Canyon will make arrangements to have some one to assist daily.

There is no pay for the work; no supplies available.

There will be no registration on Labor Day.

Dr. Condon stated that Congress passed the registration law, and citizens must abide by its provisions. He would have preferred some other type of military training, but has nothing to say about the law.

He pointed to the treatment of Henry Wallace in North Carolina Monday as a national disgrace, and something that would increase the Wallace support in America.

Announcement was made that the Buffalo football team would be entertained by the Rotary Club next Tuesday, and District Governor Ira Woods of Littlefield would visit the club on Sept. 14.

Dr. Robt. Jarrett announced the coming of the X-Ray Unit to Can-

yon on Sept. 28-29 and urged that all citizens 15 years and over go to the Legion Hall to have pictures made of their chests.

Visitors were: Dr. F. L. Shannon of Denton; Fred Jennings of Washington, D. C.; G. M. Green of Oklahoma City; Joe Boone of Waxahatchie; Kyle Fagin of Lathrop, Mo.; Bill Johnson, Wm. Wilson, both of Canyon; M. H. Cox, E. R. Thomas, F. N. Stuppi, Dr. H. P. Cartwright, E. Kancher, J. R. O'Keefe, Forrest Barnes, Dr. J. H. Brown, A. D. Foreman, S. L. Baird, M. K. Watson, O. K. Lewis, W. Johnson, Arch Hunsley, Arnold Attebury, all of Amarillo.

Miss Mary Lee Abbott of McLean, Miss Alma Grace Schneider of Plainview, and Miss Mary Frances Muller of Vernon an instructor in the University of Chicago this fall visited Sunday and Monday in the home of Mr. and Mrs. Tom Knighton.

Miss Dorinda Bond and her mother returned last week from a summer's vacation trip into Canada and throughout the east. They were in Washington for summer school. Miss Bond has been invited to return to Washington next summer as a member of the faculty.

Mr. and Mrs. George Vineyard have returned to their home in Big Spring. Mrs. Vineyard has visited for ten days with her mother, Mrs. Alan Farlow, while Mr. Vineyard was on a buying trip for their nursery in Big Spring.

M. Cammack of Denver, Colorado, Dr. B. C. Cammack with his son, Tommie, of Los Angeles, California, visited last week in the home of their sister Mrs. Wes Kleinschmidt and Mr. Kleinschmidt.

Mrs. Georgia Blackwell, Miss Alma Grace Schneider and Miss Mary Frances Muller visited with Miss Mary Lee Abbott in McLean Saturday.

Mrs. Carrie Farlow of Panhandle is visiting with her son Alan Farlow and Mrs. Farlow.

Mrs. O. H. Lanham of Granbury, Texas, is visiting with her sister, Mrs. D. A. Shirley.

First Methodist Church Scene of Woods-Summers Wedding Ceremony

In a double-ring ceremony Helen Woods, daughter of Mrs. Alfred Woods and the late Alfred Woods of Canyon, became the bride of Robert B. Summers, son of Mrs. Agnes Summers of Clarendon on Sunday afternoon, August 22, in the First Methodist Church. Rev. Hubert Thomson, pastor, read the service.

Tapered candleabra and baskets of pink and white gladioli featured the decorative setting.

As the candles were lighted by Bruce Baumann of Perryton and E. Burroughs of Canyon, Max Bellah, organist, played "Indian Love Call" and "Clair de Lune."

Mrs. Glenn Dowlen sang "Always" and "At Dawning." The traditional wedding marches were used for the processional and recessional.

The bride given in marriage by her uncle, Wesley Woods of Groom, wore a halo pink satin gown, especially styled for her by her mother. The fitted bodice had a net yoke and net peplum at the waist. Leg-o-mutton sleeves extended into pointed cuffs. Her tiered veil of illusion fell from a net and satin sweetheart halo. She carried a bridal bouquet of white gardenias, pink roses and stephanotis. Her only jewelry was a single strand of pearls and matching earring, a gift from the bridegroom. "Something borrowed" was her wedding handkerchief which belonged to Nancy Woods of Groom.

Attending the bride as matron-of-honor was Mrs. Bruce Baumann. Her gown was blue organza styled similar to the bride's and she carried a blue and white nosegay. Her head-dress was a blue and white halo.

Karl Shirley of Hereford was best man and serving as ushers were Marvin E. Bowman of Lefors and Freeman Melton, Jr., of Wellington.

Mrs. Woods, mother of the bride, was dressed in a gray crepe with black and white accessories and wore a pink corsage.

Mrs. Summers, mother of the bridegroom, wore a black and aqua

crepe with black accessories and a pink corsage.

Following the ceremony a reception was held in Fellowship Hall in the basement of the church. Miss Nancy Woods presided at the guest book. Rita Gunter and Vergie Haines of Canyon served the wedding cake and Miss Laurel Knorpp of Groom poured punch from a table draped with a Quaker lace cloth centered with the three tiered wedding cake on a reflector and flanked with lighted candles.

For a wedding trip to Santa Fe and Red River, New Mexico, the bride traveled in an aqua street dress with gray accessories and a corsage of gardenias.

Mrs. Summers was graduated from Canyon High School and is now a senior at West Texas State College where she is a physical education major.

Mr. Summers graduated from Clarendon High School. He also is a senior at West Texas State College, majoring in accounting. He spent four years in World War II, serving in the European Theatre.

Mr. and Mrs. Summers will continue their studies in W.T. this fall, receiving their degrees in February.

Mr. and Mrs. Howard Boston and children of Roscoe spent the week end in the parental W. G. Boston home.

Miss Mary Lee Abbott of McLean and now teaching music at Borge spent Sunday night in the home of Mr. and Mrs. Murray Boston.

James Gray of Grand Prairie spent Thursday night in the home of his sister, Mrs. Vearl Iverson, and family.

Mr. and Mrs. Jackie Jackson of Lefors visited with friends in Canyon this week. Mrs. Jackson will be remembered as Miss Mary Franz.

Help Keep Canyon Clean!

Letters are coming in from all over the nation in support of our fight here in Montgomery County to get the schools to really teach the three R's. We want to return to the fundamentals. If necessary, jelly-making, rope-jumping can be taught at home.—J. Henry Hiser, Bethesda, Md.

Many a Washington contractor finds he has an ample supply of mechanics, but they are unable to work because a sufficient supply of helpers or laborers has not reported for work.—Rufus S. Lusk, Washington, D. C.

The whisper propaganda about a coming war must be halted. What government in what country of the world today is capable of leading its people into an aggressive war?—Klement Gottwald, Communist president of Czechoslovakia.

There is a gold rush of blue chip advertisers into television. The expense of jumping in is great. It may prove to be the price of a good time on television when it arrives for the masses.—Lennon & Mitchell, New York advertising counselors.

It is a heartless cruelty to feed the people of Europe if we merely intend to fatten them and then kill them in World War III.—Rev. Harold Giestweit, Oakland.

Paul Hoffman, Marshall Plan administrator, is finding it difficult to give away or to loan money, owing to arguments among those who get aid over who should get what. Mr. Hoffman, however, is credited with breaking records in getting results in a short period of time.

Flake Garner, former citizen of Canyon, was here from Lubbock Saturday on business.

Mr. and Mrs. A. J. Peters of Bivens Station spent the week end in the Bill Hood home.

Mr. and Mrs. R. A. Hodges visited in Ft. Worth last week.

G. B. HEATH

It is my sincere desire to express my gratitude and thanks to each and every one of the 546 people who voted for me in the run off last Saturday. I also want to thank each one who helped me in any way during the campaign. I lost in the race but there were two of us in the race and each could not win.

I conducted a clean campaign. No one can say that I said an unkind word of the man who was running with me, and no one in the precinct will try any harder than I to help him make a good official. I have done my very best to help your present commissioner in any way that I could. This man beat me by 20 votes two years ago. He has had my support during his term and will have it until he retires from office.

Since I have been elected to this office a number of times, and have also been defeated, I know how a person feels when he wins, also when he is defeated, so I never tried to act smart when I was winner because if any one makes enough races they will eventually feel the sting of defeat.

I do not believe that there is a person in Randall County who can take a defeat any better than I can, and I am well pleased with the results of this election as a whole, but I am just a human like most of you, and I know of a few people who used their influence and voted against me who should be ashamed of it; these are people whom I have in past years gone far out of the way to do things for them in an official way and also in a personal way. Some of these people asked me to do jobs while serving as commissioner of the precinct that no other commissioner had the nerve to do. Many people asked me to do these jobs and I felt that I should try to serve a majority of the people of the precinct and county. I will repeat that a few of these people used their influence against me, and I want each such person to know that I cannot appreciate your attitude. This word is to no one except to whom it applies, you are the judge. I have lived in this community for the past 22 years and I have tried to be a decent citizen, and be worth something to the community, and will continue to do so.

Three Local Students Discuss Future Home Economics, Use of the Subject To Professional Women in Homes

A MAJOR WITH A FUTURE

What are you majoring in or planning to major in at school? This is a common question and little emphasis is put on it by many of the girls entering High School or College. A large majority of the beginning girls are confused on what they want to do for a career or what they want to train for, for their present and future life.

One of the largest fields open to a woman is Home Economics. And this field does not mean the old traditional meaning of foods and clothing. It means one of the newest and best fields in our college training courses. A field that is always on the job for something new, something that will help our generation and future generations to get the most out of their personality, talents, interest, and life itself. No matter where your real interest lies or what you feel you are suited for, some field of Home Economics will

suit you as an individual.

In 1919 Congress passed the nineteenth amendment to the United States Constitution giving women the right to vote and participate in local, state and federal governments. The small group of Home Economists at that time took up this as a challenge and developed the broad field and the important place of Home Economics in the world today. In the last two years the need for Home Economics has increased ten times only to be met by a very small percentage of college trained people. In this post-war period and Atomic Age the need has been felt by every individual for a better way of living and a better way to improve their standards of life to help the chaotic world of today.

The career of all careers for a young woman is the art of Home-making. Every girl at various intervals thinks of herself as a Home-maker, as the center of a busy little home where she feels she is dominant in her own little kingdom. This is the most outstanding field of Home Economics, to help train and prepare young women for the makers of homes. Home Economics offers assistance in every phase of Homemaking, whether it is child care, interior decorating, meal planning, food preservation, family relationships, caring for the sick, or any other thing connected with home living.

The girls interested in making a career for themselves find that their talent may be expressed in one of the many fields of Home Economics. Some of these fields are the following: extension work, clothing construction, lab technician, pattern designing, teacher, dietitian, journalism, government worker, commercial field health officer and worker, social worker, and many other sub-fields. These various fields have opened up in the last few years and many more will open up in the future to help meet the demands of our scientific world of today. In any one of these fields you could be of service to yourself and your community and be a well contented career girl through the work that you are successful in. The Homemaking fields pay better than most positions offer for their women workers. The salaries run between \$2,000.00 and \$10,000.00 a year.

Even though Home Economics is more difficult than some of the

Ticklers

By George

"Gentlemen! And how would you like your clams this morning?"

major offered in college training courses, it is well worth the effort. It gives the individual the feeling of really accomplishing something educational, practical, and self-satisfying. Any girl graduating from some college or university in the field of Home Economics is never sorry of her choice because of the abundance of self-attainment found in this outstanding major with a future.

June C. Gibbs

Miss Gibbs is a senior student in Home Economics in West Texas State College. She has many more than enough hours to graduate, but she lacks a certain course or two for that coveted degree in Home Economics. She is already a successful teacher in Hutchinson County.

Onah Jacks

WHY CHOOSE HOME ECONOMICS?

Home economics is the widest field a person can enter. In taking home economics courses you can specialize in one certain subject or you can take a general course in home economics.

Home economics is very useful in the home. Home economists have an opportunity to improve the status, both economic and social, of the

modern family. If you use your influence in the home you can lower the divorce rate, family disunity, and child delinquency. Home economists help in the community by making it a friendlier and cleaner place in which to live.

Home economics may also be chosen as a career. Using it as a career you can work with all types of people and all ages. Public welfare workers home demonstration agents, budget advisers and clothing designers work with the family people especially. The home demonstration agent works with 4-H Club girls some. The teacher works mainly with teen-age girls but has the association of the faculty and parents. The child development specialist works with the younger children. So you see you can work with almost any type person you choose if home economics is your career. If you want to be a professional woman, don't ever think you can't use your professional training as a home economist in homemaking because you certainly can.

Nell Latham

Mill Latham, a senior student in home economics in W.T.S.C., expects to graduate in February. She will be married August 22 to Bruce Baumann of Perryton. The couple will make their home here while they complete their college work.

Onah Jacks

"SO YOU ARE A HOME ECONOMICS MAJOR?"

"Oh, so you are preparing to be a wife and a mother; to darn socks and to make biscuits."

This is all true, but you have overlooked the fact that home economics offers more opportunities for women than any other field. There is a career in home economics for practically every type girl; the artistic, the science-minded, the homebody, the teacher, the business-like and the crusader.

Let us take a look at the offerings other than a homemaker. There is teaching, research work, state extension service, administrative dietitian, food service manager or supervisor, nutritionists, child development specialist, social welfare worker, textile and clothing specialists, designers, interior decorators, artists, home finance specialists, and housing and equipment specialists.

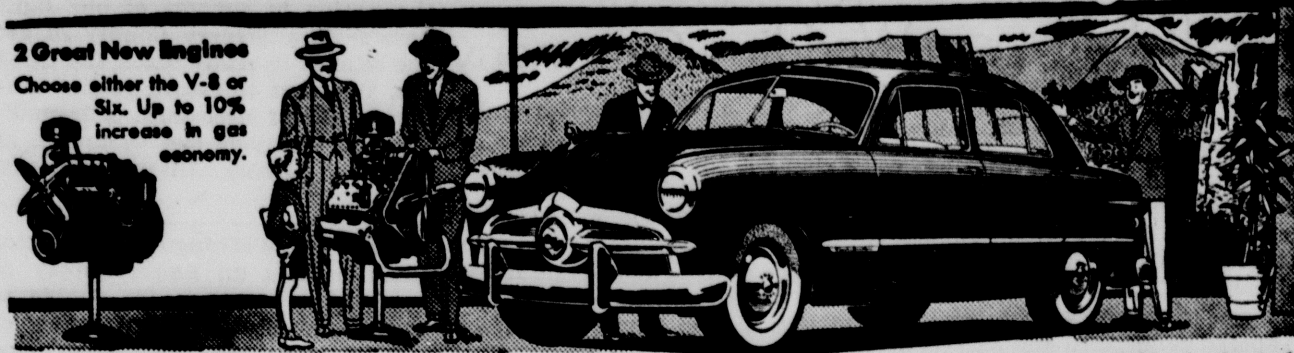

Each of these is an outstanding field within itself. The only problem is that there are just not enough people to fill the vacancies.

Why not get rid of the old idea that sewing and cooking are all home economics offers and get into a field that has a bright future ahead.

Dr. Onah Jacks Visited in Home of Girls Who Will Study Homemaking In the Demonstration School in Fall

To meet some fine folk and pick up some excellent home hints take a turn at visiting the girls of West Texas Demonstration High School. —That is the suggestion of Miss Onah Jacks, College Teacher Trainer and homemaking teacher of W. T. High, who is trying to meet all the high school girls before school starts.

Elected officers of the W. T. Chapter of the Future Homemakers of America counseled Miss Jacks on how to do it. "Just drop in on them at home," they said. So that's how it has been done, and here is a look-in on some of the visits.

One timid knock brought Ann Amason to the door with a cheery "Hello and come in." Ann was giving her mother a new hair-do while Mrs. Amason worked on giving one of Ann's last winter short full skirts the new long pencil lines. "When there's no more hem to let out, some of these full skirts can be turned cross-ways," Mrs. Amason says. Ann had been helping a friend to paint—and take it from her experience, you paint ceilings before walls!

Barbara Allen was sound asleep, but her mother heard the knock and tip-toed out to keep from awakening little Linda. Mrs. Allen thinks parents and teachers must work together if schoolwork is to be effective in the home; she is interested in the homemaking classes and is proud of the achievements of Barbara in the course. Kathleen Armstrong was at the piano when the knock came at her door. Her mother stopped typing a thesis to join us and the conversation turned to homemaking problems with an accent on upholstering. A neighbor, Mrs. Glenn Truax, dropped in and contributed ideas on selecting sturdy furniture for use in her farm home. Kathleen's family expects to move away and Kathleen regrets that, after using the old machines last year, she won't get to try out the new machines that have been added to the homemaking laboratory this fall.

Beverly Beck was slaving at the ironing board but was proud of some of the garments she was working on for she had made them in the home making class last year. Beverly has had all the homemaking work offered in the high school and wants to continue in the home economics field after she graduates. Mrs. Beck, co-sponsor with Mrs. Condon of the Future Homemakers, was full of enthusiasm for the club. Freshman daughter Barbara is song leader of the F.H.A. Barbara was out for a swim but joined the other officers at the "Buff" later.

Dorothy Ann Berry hopes to take homemaking this year. She likes cooking already and her father has encouraged her in taking the homemaking work. Her brother is eager for the day when he can take shop work. The two would make a good team on home projects.

Zorah Mae Bishop wasn't at home but her brother indicated that she would return from her grandmother's in Colorado before school starts. It seems that it is his turn next to visit the grandmother. He thinks Zorah Mae will be interested in the homemaking course this fall.

The Brown girls, Alberta and Bonita, were not at home nor were any other members of the family. A man at the dairy said they were away—could it be Colorado too? Bonita has had a course in homemaking. With a new home both girls

might find an interest in the courses.

Dorothy Jean Brown has had two years of homemaking work and wants to continue in the F.H.A. She has a big responsibility for the home this summer since her mother is working. Dorothy plans to attend college someday and is giving home economics some thought as a possible career field.

Dorothy and Mildred Carter were both getting back into the groove as partners in homemaking after each had been away on a visit—one to Lubbock, the other to Amarillo or points north. Mildred has had all the homemaking the high school offers and is still interested in more. Dorothy is treasurer of the F.H.A. for this year.

Janice Cartrite, who has also had full three years of homemaking, was not at home when the call was made at her house. That peach tree loaded with fragrant ripe peaches hanging over the door way was almost more temptation than the visitor could resist. Charlotte Clark was gone too, though her mother, just finished canning peaches, was available for a pleasant visit. Charlotte who was elected reporter for the F.H.A., has spent much of the summer on the farm as her father's chief cook. Her mother and her friends indicate that Charlotte's interest in horses is probably sufficient to speed up her housekeeping duties to the point that she has some time to spend as a "horse-woman."

Florence Coffee was not yet back from camp, but her sister Nelda, who will be ready for homemaking classes in a few years, and her parents say Florence will be enrolling in the class this fall. She is a good friend of Bettie McGhee who will be secretary of the Future Homemakers this year. Bettie is a "live wire" and the parents of both girls are soundly back of them.

Marilyn Condon, a senior who has finished all three years of homemaking, wants to continue her association with the Future Homemakers this year. She looks forward to a home economics career—whether it be teaching, homemaking, nursery school work, research or some other field will be decided later. At the time of the visit Marilyn was helping her 4-year old nephew, Bob, with a fishing tackle problem.

Patsy McDonald wasn't home. She is a senior and not a homemaking student. Her friends say she is interested in journalism—a field that makes an excellent combination with home economics as a minor.

Ruth Ann Crowell is a busy summer school student. She may be interested in a homemaking course next term. Her sister Ina, who is in Texas Technological College is considering some of the advantages of a career in the field of home economics.

Mary Ann Dawdy who has not yet had homemaking in the high school, was not at home; but her sister Carrie Marie was. Carrie Marie, a recent graduate, is a student of home economics and thinks Mary Ann may be interested in some of the work, too.

Joann Dodson and her sister, Mary Jane, are eager for the time to come when they can take homemaking. Joann will register for the work this fall; Mary Jane, now in the seventh grade, will have to wait a few years, but will be learning from Joann and her grandmother all along. The girls

and their grandmother were pleased to know that the homemaking courses are concerned not just with clothing and foods but also with health, housing and home management, child development, family economics or getting the best for your money, family and group relationships—everything in fact that the girls are concerned with now in their homes. "I'm glad the girls can study such things in school," Mrs. Dodson said.

June Dodson is president of the W.T. High Chapter of the Future Homemakers of America for next year. She and her parents and brother have a home improvement project underway—a sort of long-time plan—right now, it involves varnishing the woodwork. Jvne is doing some church work this summer and has the care of a child part of the day while its mother is in school. Jvne is ready for the third year of homemaking.

Mary Jane Duncan and her mother were finishing up their "summer projects" (Mary Jane's, an advertising job with a photographic studio; her mother's reorganizing garage storage and canning peaches) so they could get off soon on a trip to Virginia—they hope. Mary Jane likes work in the home and has had two years of homemaking. Glenda Carol a younger sister was not at home but she will probably enroll for homemaking work this fall.

Twenty miles is a long way to come to school but Gloria Franklin and her brother Kerry have that problem. Gloria is vice president of the Future Homemakers for this fall. At the time of the visit she was helping her mother kill, dress and can chickens. They were getting acquainted with their new pressure cooker and expressed themselves as eager for "all the homemaking help" they could get.

Mary Ellen Funston hobbled to the door on her crutches—but her spirit isn't "hobbled" at all—and incidentally, she expects to have that cast off about now. Mary Ellen is enthusiastic about home economics and the possibilities she sees in it. She and her sister, Rowena, have a plan for dividing their housekeeping responsibilities while their mother and father work. Rowena will be a new student in homemaking this year.

Frances Holman and her family had just moved from the farm to a place in town. Frances was not at home when the teacher called, but Mrs. Holman was quick to say that home economics "has done much for Frances." She and a neighbor, Mrs. Foster, were anxious to see the courses pursued further.

At the Hood home, preparations were being made for a picnic in Amarillo for the whole family. The food set out looked and smelled like a mighty good picnic, too! Edna Sue and Betty Lou are cooperating in the home improvement work of the entire family. The walls and woodwork are being re-done.

May Montgomery, who will enroll in homemaking this fall, was helping her mother in working on some clothes. Her sister, Mary, has had some college work here and hopes to carry her work further. Mrs. Montgomery and Mary are both glad that May is to have a chance to study homemaking in class.

Suzanne Owens, a junior with one year of homemaking, may come back into the work this fall, her mother thinks. Suzanne was out of town visiting so could not speak for herself. Mrs. Owens likes the friendly relationships that exist between teachers and students these days—and says that she finds her children's textbooks more interesting than the ones she had in school.

Anna Lou Samuelson is another "home-keeper" during the summer when her mother is working. This fall Anna Lou will take up high school studies including a homemaking class. She is quite eager for the work.

Wanda Sheets, a fall freshman, is already making a regular hand at sewing. At the time of the visit to her home, she was doing the machine sewing on a dress she and her mother were making. Wanda and her mother are both interested in the prospects for homemaking education, and particularly in the fact that it is concerned with just about every undertaking of the average home—with problems of food, clothing and housing; with ways of helping family members to work together and enjoy each other more, with habits of economy and wise buying; with child care, health and community enterprises.

Billie Jeanette Shelnett was suffering with a bad sore throat at the time of the visit—but a few days later reported a quick recovery. Billie Jeanette has had two years of homemaking and likes it but is not sure of her plans for next year.

Carolyn Shugart, Joyce Lydell Thurman and Tommie Janelle Womble were not at home. It seems that Tommie Janelle lives on the farm in summer. Could that be the case with Carolyn? Joyce Lydell's home was closed up; could she have moved?

Norma Jean Tomlinson is another busy summer student. Next year will bring a heavy enrollment in "solids" (in other words, "required courses") for her so it is doubtful that she can enroll in homemaking education. Her sister, Nancy Kate, will be a possible student in homemaking before long. Mrs. Tomlinson is eager to help the girls make their own best choice and to succeed in their chosen fields.

Marilyn White was not at home for the visit to her, but her sister Paula and two married sisters were enjoying the cool shade of their front porch. Paula offered to pilot the teacher out to see Betty Lee Maddux and may have to make good on it—for the teacher's first attempt to make the visit ended with a punctured tire and a hot walk on the Hereford Highway, and the next resulted in wandering off on the wrong road until it was too late to make the call.

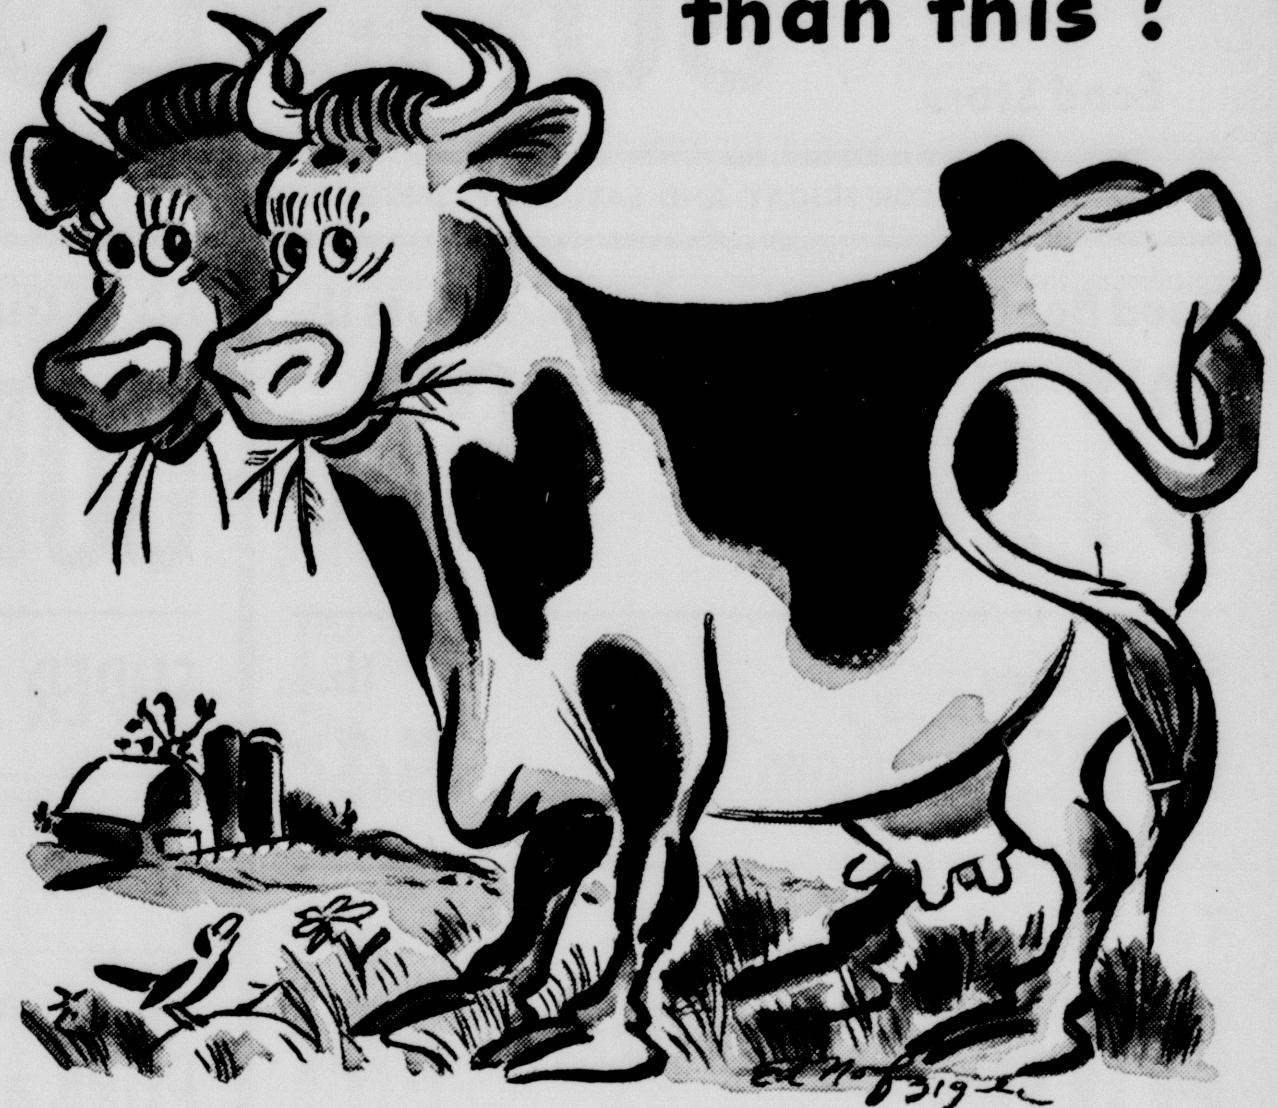

Grace La Nell Culwell has been hunted but with no luck yet since the address list seems to be insufficient in her case. She is qualified to enter the second year of homemaking this fall. Mrs. Barbara Barker Dutton and Mrs. Phyllis Barclay Dugan have not been visited yet, but it is hoped that they are both planning to continue their studies in homemaking in school. Their marriages within the year have no doubt increased their interest in this phase of school work.

It has not been possible yet to get out to see Ruby Lee Bonds, parliamentarian of the Future Homemakers, who lives at Happy; nor Lou Morton who lives at Umbarger; nor Elizabeth Oliver and Mildred Hester. But there is a place for all these girls in homemaking education. Furthermore, there are good prospects for W.T. or Canyon High homemaking classes in Carlene Rogers, Barbara Glanton, Janice Waldrop, Bobbye and Geneva Gresset, Dovie King and others who were helpful in putting the teacher back on the right road when she got streets or house numbers mixed up. One of the Gresset girls had an idea for getting the Future Homemakers Clubs of the two high schools together sometime.

Such a group of vivacious and interested homemaking students with the cooperation of their families and neighbors can be a big factor in seeing that improvement and enrichment in home and family life continue to characterize this area.

The Republicans are still flirting with Gen. Ike Eisenhower. In his recent visit to Gov. Dewey's farm, first overtures were made to draft Eisenhower to run for the New York governorship in 1950. If he accepts the bid, the election will be made to look like a simon-pure draft.

What is rarer than this?

The two-headed cow is indeed a rare animal.

But an even rarer animal is the man who can save a lot of money without a plan for saving.

That's why millions of Americans buy U.S. Savings Bonds on the Payroll Plan.

This way, your money is invested for you every payday—automatically. No

trouble or bother for you—and no temptation to spend the dough before it's invested!

You'd be surprised how fast your savings mount up when you buy Bonds regularly. And in just 10 years, you get \$4 back for every \$3 you put in!

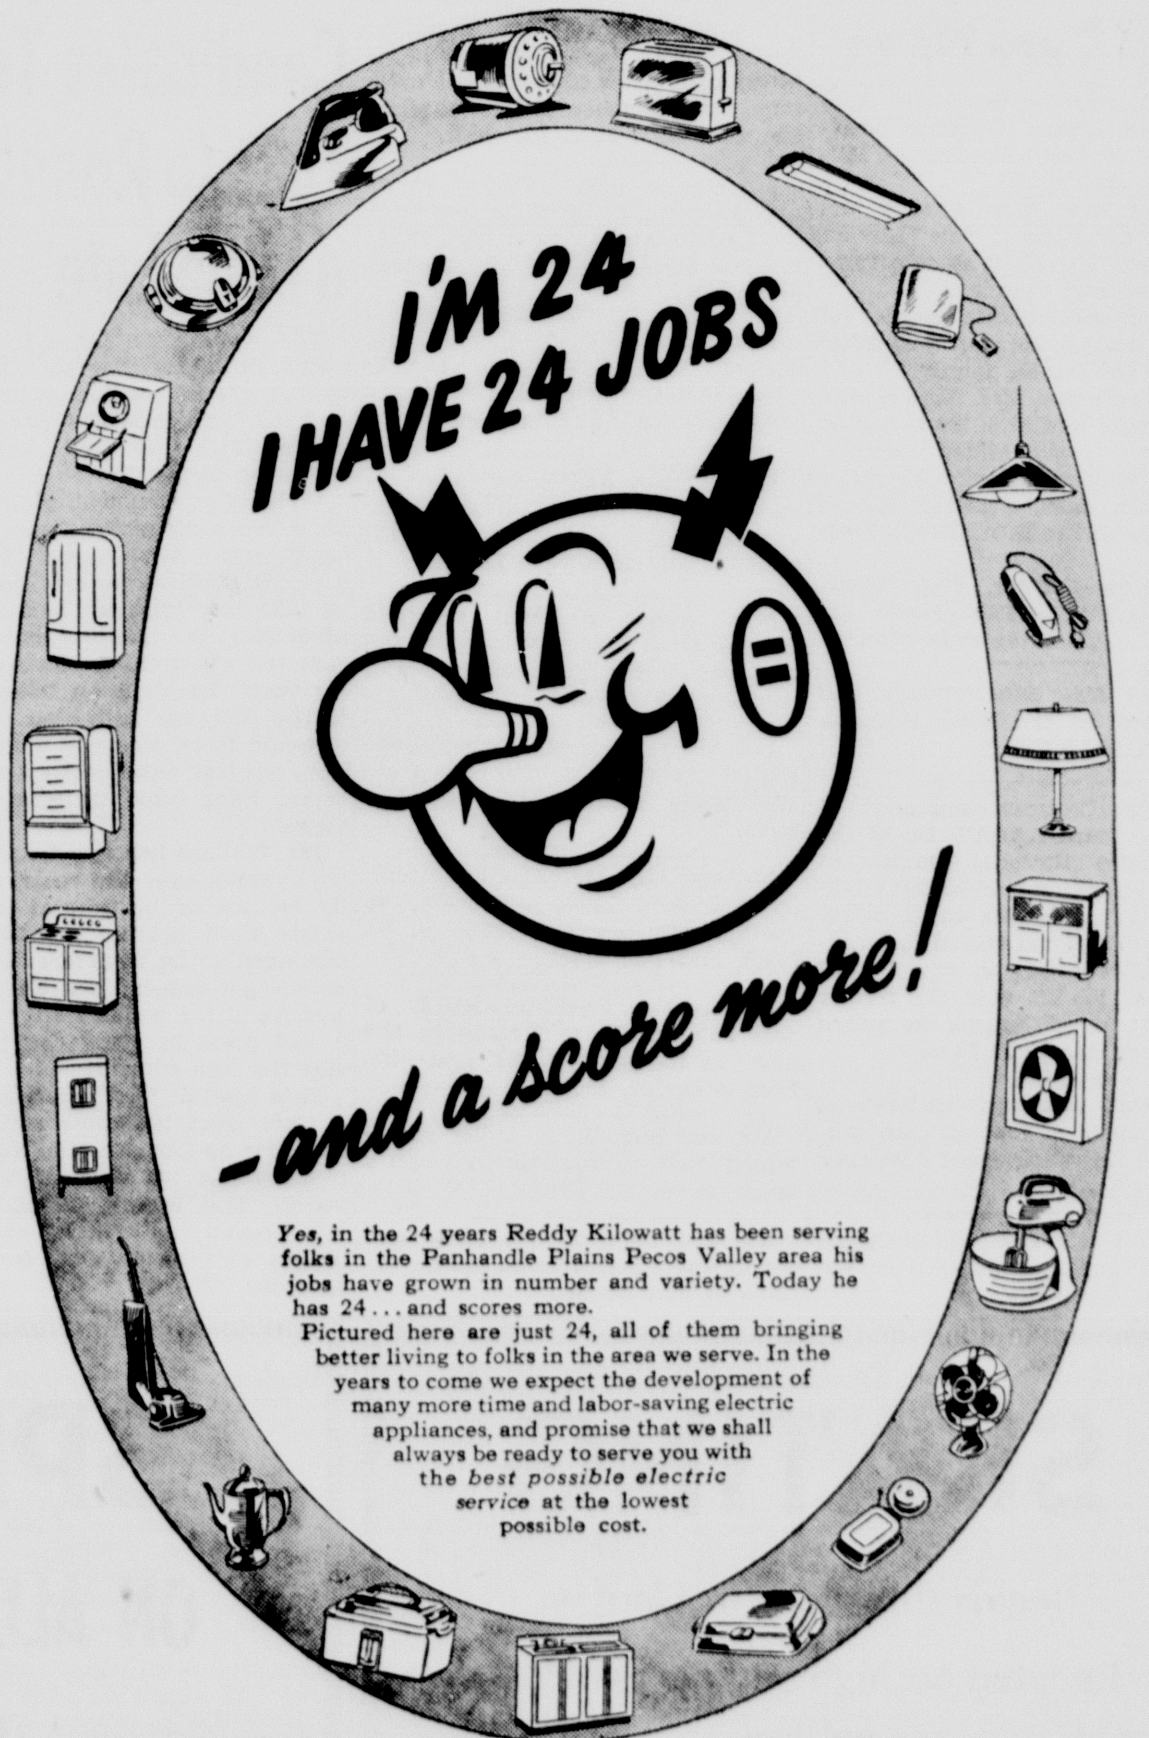

Why not sign up for the Payroll Plan today?

Monday, Sept. 6th.

Palo Duro News

H. F. Miller returned Sunday from Barrington, Illinois, where he visited his father and attended the Miller-Kuhlman Reunion.

Mr. and Mrs. Buck Wheeler and children of Texico, New Mexico, visited with the B. A. Stroup family Monday and Tuesday.

Mr. and Mrs. Carrie Gunter of Conway visited Sunday afternoon with the Ull family.

Mrs. Wendekin, Mrs. Kreutzing, Mrs. Kamper and Mrs. Leseb quilted Wednesday in the Miller home.

Wren Vandergriff and daughter Patsy from Eads, Colorado, visited Tuesday with the B. A. Stroup family.

Miss Rita Gunter, Miss Melba Stroup, and Miss Fay Gunter attended a movie in Amarillo Monday afternoon.

Mr. and Mrs. Bill Schuette and son visited in the Fred Schuette home Sunday evening.

Capt. Ray Crowder, commander of Battery C 804th AAAW Bn of the New Mexico National Guards of Clovis is attending a school for guard officers at Ft. Bliss. He was there for 2 weeks in National Guard Encampment and will stay in school until about Dec. 15. His wife, the former Louise Wester of Canyon, has joined him for his stay in El Paso.

Miss Jimmie Jennings who has been on an extended visit in San Antonio and Austin returned home last week.

Miss Billy Jean Bonifield of Claude spent Sunday in the home of Mr. and Mrs. Tom Knighton.

Mrs. Bud Dolcater and daughter, Donna, have returned to their home in Amarillo after having spent some time in the home of her parents, Mr. and Mrs. Fred Marshall.

Mr. and Mrs. W. J. Clay of Phoenix, Arizona, are spending this week in the home of Mr. and Mrs. R. A. Hodges. Mrs. Clay and Mrs. Hodges are sisters.

Mr. and Mrs. O. T. Carruth and children left Monday for Gruver where Mrs. Carruth will teach in the public schools the coming year.

Mrs. Robert Bellah and sons returned home Sunday after having visited for the past two weeks with relatives and friends in Dallas.

Mrs. James Hoffman returned Sunday from having visited for the past two weeks with relatives and friends in Ft. Worth.

Lois Cleavinger of Spring Lake visited relatives in Canyon from Wednesday until Sunday of last week.

Mr. and Mrs. Merritt Gibson with their children, Larry and Steve, are visiting with her aunt Mrs. A. W. Mack and Mr. Mack.

Mr. and Mrs. Fred Standley, Jr., of Salt Lake City are visiting in the home of his parents, Mr. and Mrs. Fred Standley, Sr.

Mr. and Mrs. W. E. Miller entertained their visiting relatives with a lovely dinner last Friday.

Mr. and Mrs. W. R. Crow and family spent last week in the mountains in New Mexico.

Candidates To Take to Roads a Little Late

The columnists are still writing about President Truman's message to the special session of Congress and the "anti-inflation" program he offered. And they aren't writing in flattering terms.

Walter Lippman, who could hardly be called a Republican propagandist, described Mr. Truman's stand as a purely political gesture. He charged that the President had no hope of getting his points adopted, and that the whole thing was an appeal for votes. He went on to say that, if the program had been adopted, it would have produced more inflation, not less. Other writers of reputation have come up with similar views.

Mr. Wallace has also taken a terrific raking over the coals, primarily because of his refusal to say a single word against the Communists, even as he denounces the American government for all the injustices of the world. He is receiving a bad press in every country outside the iron curtain.

It is possible that Governor Dewey will start his drive rather late in order to obviate the chance of wearing out his welcome with the voters. The late President Roosevelt proved the efficacy of largely basing a campaign on a few major speeches.

Highland News

Though good rains were received three weeks ago farmers say that the row crop is needing rain at this writing. A good shower was received at Wildorado Thursday evening but just a sprinkle was received here.

The Fultons and the L. E. Mason families attended the wedding and reception of Miss Mercer and Mr. H. R. Fulton, Jr., at Canyon last Thursday evening.

Mr. and Mrs. Howard Fuqua went to New Mexico over the week end to visit Mr. and Mrs. Clay Fuqua, who live 35 miles northwest of Mesquero.

Mr. and Mrs. Norm Cabot of Artesia, New Mexico, and Mr. and Mrs. Charles McNabb of Vega visited at the Carl Fuqua home last Monday. Mr. and Mrs. L. J. Fulton and Joann, Mr. and Mrs. Bob Fulton and Mr. and Mrs. Sidney Sharp spent last week end at Lake McClellan.

Mesdames Anna Menke, Fritz Menke, Geo. Cook, E. C. Paxton, Carl Reeder and granddaughter, Geo. Mason, and Mrs. Moorhead of Nebraska were guests of Mrs. Carl Fuqua last Wednesday afternoon.

Mr. and Mrs. Carl Fuqua called at the Guthrie home last Sunday evening.

Mrs. L. E. Mason called at the Geo. Cook home Wednesday afternoon and at the Fuqua home Friday afternoon.

Mrs. Carl Fuqua and Rhenda called at the Walton Paxton and Bacon homes Thursday afternoon. Mr. and Mrs. Geo. Cook were dinner guests at the L. E. Mason home Saturday evening.

Double-Ring Ceremony Read in Waco for Frazier-Dowd Wedding

In a beautiful home service Miss Evelyn Frazier, daughter of Mr. and Mrs. J. A. Frazier of Waco, became the bride of Bob Dowd, son of Mr. and Mrs. J. C. Dowd of Canyon, when Rev. J. B. Rowan of Dallas, uncle of the bridegroom, read the impressive double-ring ceremony at the home of the bride's parents, 816 North 19th Street in Waco on Wednesday evening, August 25 at 7:00 p.m.

White gladioli and white asters banked against palm fronds and flanked by branched candelabra made a beautiful improvised altar before the fireplace in the living room.

Miss Betty Ponder, cousin of the bride, sang "Because" and "I Love You Truly." Miss Martha Dowd, sister of the bridegroom, played an appropriate group of selections preceding the ceremony and played the traditional wedding marches.

Miss June Beatty of Waco, who was the bride's only attendant, wore a brown faille street length dress with brown accessories and yellow rose corsage.

Tom Rowan of Carlsbad, New Mexico, cousin of the bridegroom was best man. Blish Breland, Jr., of Arlington, Texas, a schoolmate of the bridegroom, lighted the candles and served as usher.

The bride wore a white crepe street length dress made with fitted bodice and joined to the skirt with a peplum. The peplum and sleeves were trimmed with cutwork. Her hat was white satin off the face style. She carried a white Bible overlaid with white orchids surrounded with white roses.

For her daughter's wedding Mrs. Frazier chose a navy lace dress with navy accessories and a red rose corsage. Mrs. Dowd, mother of the bridegroom, wore an aqua crepe

dress with black accessories and red rose corsage.

Immediately following the reading of the marriage rites which was witnessed by relatives and intimate friends of the couple they were honored with a reception.

Miss Natalie Nance presided at the punch bowl; Miss Betty Jo Porter served the cake; Miss Aleene Schultz registered the guests.

The bride is a graduate of La Vega High School near Waco and at the time of her marriage was employed by Amicable Life Insurance Co. in Waco.

The bridegroom is a graduate of Canyon High School and is a last-semester senior at A & M College with a major in management engineering.

After a trip to scenic points in Colorado and New Mexico the couple will be at home at College Station until the bridegroom finishes school.

Fairview Breezes

The Reverend Wilcoxon rendered two excellent sermons Sunday morning and evening.

Election of officers Sunday morning for Sunday School the coming year resulted in Rayford Shipman being superintendent; H. H. Shipman, vice superintendent; Joyce Gazaway, secretary-treasurer; Mrs. H. H. Shipman, pianist; Frank Rogers, song leader; S. F. Sharpes, young people's teacher; Mrs. S. F. Sharpes and Mrs. H. H. Shipman, junior teachers.

S. F. Sharpes moved Mr. and Mrs. Allen and their household goods to Clyde, Texas, where they have recently bought a home and Mr. Allen has procured work.

Mr. and Mrs. D. L. Whitson and children came to the parental J. W. Wesley home Sunday. Mr. and Mrs.

Whitson went to Hot Springs, Colorado, and the children remained with their grandparents for 10 days.

The H. H. Shipman family, Mr. and Mrs. G. E. Wesley and Miss La Vena Amerson are vacationing in Colorado this week.

The B.T.U. young people enjoyed a party in the J. W. Wesley home Saturday evening.

Mrs. J. W. Wesley entertained the Home Demonstration Club Friday with eleven members and six 4-H

club girls present. Watermelon was served.

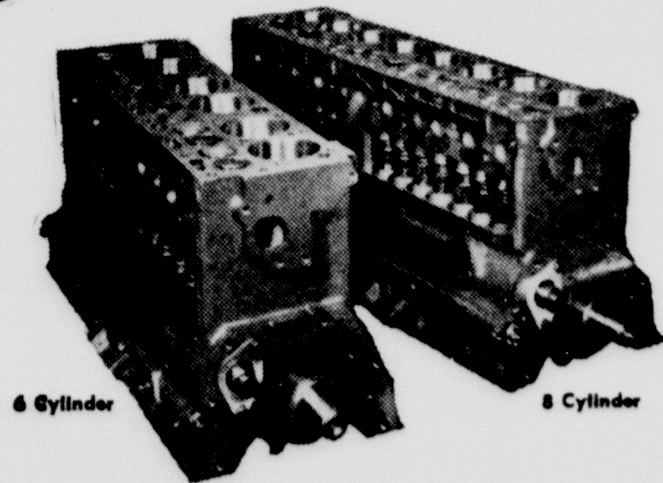

Miss Novella Goodman and Miss Jean Moore returned to Canyon Sunday after having spent six weeks visiting in Central and South Texas. Miss Goodman visited in San Marcos, Austin and San Antonio. Miss Moore spent her time in Ft. Worth and Dallas.

Mr. and Mrs. Clarence Eugene

Thompson of Austin are spending their vacation from the University, where they are students, with their parents, Mr. and Mrs. Clarence Thompson and Mr. and Mrs. T. V. Slack.

Mr. and Mrs. Jess Cleavinger and boys, Don and Dick, of Alhambra, California, will leave for home today after visiting for over two weeks with relatives and friends in Canyon and Spring Lake.

EDITORIAL COMMENTS

Saturday's Musings While The Voters Have Inning

This is election day in Texas, Saturday, August 28. As has been our custom for many years, we are looking over the primary election antics, as the vote comes to a close today, and will make a few comments on the present campaign.

Perhaps "our" candidates will be snowed under at the polls today. Who knows? The voters have the right to their say, and no one is looking over their shoulders and telling them how they shall vote. This is America.

Frankly we are distressed today. The old reliable Texas Election Bureau has sent out warning that all correspondents should get their returns in early, and see to it that they are very accurate. Why? They expect a tight vote, and they expect the vote for Senator to be uncomfortably close. Those boys study elections from a state-wide viewpoint. Here in Randall county we take it for granted that Coke Stevenson will take a two-to-one lead. But Randall is only a small hunk of Texas when it comes to voters. Just looked in at the Legion Hall and found that the vote there is lighter than the July primary.

We are guessing that about a thousand Randall county voters will be wondering Sunday why they did not take the trouble to go to the polls today. We hope it will not be that bad.

We are distressed at the low point to which the senatorial campaign has sagged. The Taft-Hartley law is not on trial in Texas; the age of Coke Stevenson is no issue in this race; whether Lyndon Johnson could serve for 20 years; what union is supporting which candidate is no one's business, since these fellows are all American citizens and have the same right to vote as they please, just like the rest of us; whether Lyndon Johnson will punish those who do not support him; all of this trash has muddled the political waters.

We hope that too many folks will not become so confused and disgusted that they will refuse to go to the polls; but the election boys say that the vote will be very, very light.

So far as age is concerned, Lyndon has the best of the argument—provided you are willing to hire a boy to do a man's job. Old Pappy is not so young and not too old, and he has not made much of a record. Earle B. Mayfield was not on his last legs, but the people of Texas turned him down for a second term. We are of the opinion that Johnson will be turned down just as quickly for a second term, if he does not produce. Personally we see no sense in promising in advance a second term or a third term or a fourth term to any candidate for public office unless he shows himself worthy of his first term, and this applies to both Coke and Lyndon.

If Coke wins today, it will be in spite of the slopiest campaign that was ever handled for a major candidate in Texas. If Lyndon wins today it will be because of a well organized campaign, well handled and well financed. Coke's headquarters in Austin has been a miserable failure; that of Lyndon's has been a huge success.

Before you read this, you will know the results. At least, Texas will have a change, a very pleasant change following Pappy O'Daniel. The new Senator will be our Senator, regardless of whether his name is Coke or Lyndon. We don't expect to ask a favor from either of them.

As for the local races, we have heard very little comment. Oh, yes, we have; that the people are taking little interest and probably will not flock to the polls. In July Randall county cast 3100 ballots. Observers claim that outside of Canyon the vote will be half the July total; and the vote in Canyon should reach about 75% or 80%. We hope that these predictions are a way, way under the vote of today.

Frankly this registration thing is a mess. Why in the name of common sense did Washington stretch this registration business out over 18 days when one day would have been sufficient? We are about persuaded, maybe wishful thinking, that the whole business is in the form of a bluff to old Joe Stalin. Maybe he has figured that we were so weak that he could continue running over America, as he has in the past. Who knows—for sure?

Russia Seems Determined To Come to Brink of War

Inch by inch, Russia is pushing the United States to the brink of war. We do not believe Russia actually wants war, but the danger increases that she may be unable to stop the events she has started and that we will be in war before either nation realizes it.

Unquestionably, Russia is willing to risk war. She is playing for big stakes—the world. Not content with half of it, she wants it all. That is the way with dictators. Unless they can control everything, they rest insecure with what they have.

War would be a calamity for the United States and the world. So would control of the world by Russia. We are reaching the place where we must choose between calamities.

Facing an inescapable decision, the United States would choose war. We fought our first war against England for freedom. The same motive underlay the Civil War.

The first World War was fought against Prussianism. The second against Nazism. In both, Germany set out to conquer the world. We stopped her. The price was high but it was worth the cost.

Americans never reckon the cost when freedom is at stake.

Our freedom is at stake today. It is always in peril when dictators flourish. And they are flourishing, not only in Russia, but in Spain, Portugal, Argentina and several other nations.

Many people have become confused trying to choose between dictatorships. Some have embraced Communism to fight Fascism, and vice versa.

When anyone takes sides between dictatorships, dictatorship is strengthened. It thrives on confusion. Democracy is weakened when some people apologize for Communism as superior to Nazism. Or turn to one form of dictatorship to save them from another.

What the citizens of the United States must have is a clear understanding that all dictators are evil and dangerous. Strutting little Franco in Spain is an amusing, if contemptible spectacle. But so was Hitler. And Mussolini. And like Hitler and Mussolini and Stalin, Franco and Peron menace the peace of the world and the lives of Americans.

Stalin made a deal with Hitler. He would make one with Franco and Peron just as quickly. And Franco and Peron would play with Stalin to perpetuate world conditions under which dictatorships can thrive.

The United States must prepare to fight. Its first line of defense is its military power. But its second is an enlightened citizenry that knows what it must fight.

We must fight, if we do, not against a nation but against a system of government in which men are the slaves of their government. Americans prefer death to slavery. Pray God we must not make that choice!

We know a few persons in Randall county who are Republicans, either by birth or by persuasion. But we have talked with a lot of folks who will vote the Republican ticket this fall. Those who feel that we have no time for Truman; have less time for the Dixiecrats; and their stomach turns the flip-flop when they think of Wallace. The only thing left for them is the Dewey ticket. They are led to this conclusion from the simple reason that Joe Stalin has made a monkey of the Roosevelt-Truman policy; Dewey is a sourpuss, and may drive a hard bargain with Russia; and besides this, Washington needs cleaning up, which they hope he will do. After all, the Democratic pledge in the primaries of Texas are mere scraps of paper when it comes to the general election. The ballot in the hands of the voter signifies his right and his sacred duty toward his country, rather than to the Democratic party.

Life Magazine reveals some of the things that we have known for many months about Stalin. Roosevelt was warned that Stalin was out-trading America in all of the meetings between the two. But Roosevelt relied upon his personal magnetism to finally win out. Roosevelt died before peace terms were started. By that time Stalin had almost taken the shirt of our backs. Truman came along, knowing nothing about past performances, and wanting to be the big hearted Uncle Sam's errand boy, followed in the Roosevelt. But Truman had no personal magnetism to turn on to save America from our present threat of another world war.

THE AMERICAN WAY

America's intelligence and counter-espionage setups are due for an early, complete shake-up. If the shake-up is successful, the Central Intelligence Agency and the Army, Navy and State Department intelligence sections will be consolidated.

Walter Reuther, head of the United Auto Workers, is getting set to lay preliminary ground work for a labor party in the U. S. after the 1948 elections. A U. S. labor party would be divorced from the Communists.

Countess Says Liquor Dulls U. S. Romance

ROME.—Romance in the United States is dulled instead of stimulated by too many martinis, manhattans and gin fizzes, claims Countess Angelica Guerritore Caracolo, Italian authority on such matters.

The 38-year-old countess, a resident of the Isle of Capri, says she was shocked when American girls told her:

"I had a wonderful time last night. I got so drunk, I didn't know anything."

A ceramics artist, the countess has also written several tracts on the technique of romance and has lectured on the subject.

"In Italy, it is different," she says. "When two people are in love they never touch intoxicants. It destroys their sensitiveness. They want to retain their full senses to feel the vibrations of their passion. They walk together. They sit together. They are alive to one another like a taut wire."

The countess says she has seen Americans get so drunk they go to sleep at tables with their heads buried in their arms. That, says she, is bad.

Sometimes, one will lean over and put his arm around the girl next to him—who is also inebriated, she adds.

"What feeling is there in this? None at all. Their senses are blacked out. Often they don't know what they are doing."

"Americans should not drink so much," the countess maintains, "Europeans drink much less."

The countess is not adverse to a spot now and again, herself, but she believes it mixes badly with spring love—that's all.

She thinks that is why there are so many marriage failures in the United States. Couples, she says, get married on booze instead of vibrations.

"Love is a much more enjoyable thing, on a nonalcoholic basis."

Dog Rides in Stroller To Get Inoculation

MEMPHIS, TENN.—All sorts of dogs came to be inoculated against rabies in a Shelby county drive. But only one came in a baby stroller.

Mrs. Robert E. Harpst, who was registering dogs in one of the dozen emergency veterinarian clinics, was surprised to see the dog sitting comfortably in the stroller with a woman alongside.

"He wouldn't walk," the woman told Mrs. Harpst, "so I rolled him over for his vaccination."

Rescue Experts Slog Through Everglades for Training

IMMOKALEE, FLA. — Twelve grizzled air force rescue experts slogged through the Everglades swamps on a 26 mile trek in some of nature's meanest terrain.

The hike is to train doctors, medical corpsmen and rescue teams how to traverse swamps and jungle on rescue missions.

The "jungle phase," however, is just the first part of a rigorous training planned for the soldiers. Later they will practice salt water survival on the Florida gulf coast, then go to Alaska for arctic survival and still later to a desert area to learn how to live there.

When the teams have completed their training, they will be used to reach crashed planes in any part of the country.

For three days the men, specially selected soldiers from the 5th rescue squadron, lived off nature.

They first parachuted into a dense wooded area, snagging their chutes in trees and lowering themselves to the ground with 150 foot ropes.

Then they hacked a clearing out of the underbrush and caught snakes, raccoons, opossums and fish. They ate roots and the hearts of cabbage palms. At night they fashioned hammocks for sleeping and ate and cooked with utensils made from bamboo joints.

Chief Petty Officer Has Troubles to Talk About

OAKLAND, CALIF. — Troubles? Listen to Chief Petty Officer John Lambert's.

He was transferred from Alameda naval air station to the navy's torpedo testing ground near Pasadena, but—the airplane he boarded took him to the guided missile center at Pt. Mugu instead.

While he was stranded there, his wife, whom he hadn't seen in a year, arrived here by air.

The navy sent a friend of Lambert's to meet her but he got a ticket for speeding on the way.

The Lamberts finally were reunited in an Oakland apartment—but the landlord called police. He complained he hadn't been informed the apartment had been sublet to the couple.

They were ordered to get out. The strain of it all caused Mrs. Lambert to collapse from nervous exhaustion. She was taken to Oak Knoll naval hospital.

The chief went to the police station to pay his friend's speeding fine of \$5—and returned to find his own car ticketed for illegal parking.

New York City's most famous jail is called The Tombs.

News In Canyon 25 Years Ago

(Taken from the files of the
Randall County News of
August 30, 1923)

The Peoples Store, owned by W. A. Warren, moved to its new building on the west side of the square. The building was erected by Henry Bradford.

The White Way around the square was turned on Saturday night. Citizens on Fourth are trying to get the White Way extended.

C. Shuman was named construction superintendent of the new Methodist Church.

Edwin McReynolds and Miss Ruby Ross were married.

A son was born to Mr. and Mrs. Rector Lester.

Supt. A. D. Payne announced that the public school would open Sept. 10th. New furniture and fixtures for the new high school building arrived last week and is being placed in the building.

41 big printing plants do nothing but turn out inflation marks, the smallest denomination being a 1000-mark.

Miss Pauline Brigham left for Los Angeles to study for a year. Miss Hazel Allen will substitute for Miss Brigham on the college faculty.

Lieut. Governor T. W. Davidson spoke at the Baptist Church Sunday morning on law enforcement. He is an old friend of John S. Humphreys, in whose home he was entertained.

Republicans are becoming interested in the fact that many New Dealers who had a 'vital part' in shaping New Deal tax and spending policies, which Congress often balked at as too radical, at least were acquainted with other officials who are under investigation as Communists or fellow travelers. The Republican view is that many of these plans seemed designed to wreck the capitalistic system.

Charles Sawyer, Commerce Secretary, is to lose his tussle with the Marshall Plan administrators over the amount of food exported. Mr. Sawyer favored lower exports on the theory that larger surpluses would mean lower prices for U. S. consumers. The catch is, however, Congress insists that farm prices must be supported, and large exports are a sure way to get rid of surpluses so prices can be held high.

Lions Club Had Two Interesting Talks by Amarillo Men

Two noted speakers from Amarillo have appeared before the local Lions Club at their past two luncheon meetings. The speeches they made were both inspirational and replete with information.

Cal Farley, known throughout the country for his outstanding work with boys, outlined the progress that has been made in recent years at the famous Boys Ranch. He stated that adverse home conditions, particularly as they affected the parents, was the chief cause for the downfall of boys. A wholesome program of work, combined with a wise provision for recreation, insured the reformation, rather than the punishment, of wayward boys. The enthusiastic support given this great institution by the interested people of this and other regions indicates the high esteem in which the speaker and his work are held. Mr. Farley mentioned several items of equipment that would be welcome as contributions from service clubs.

The other speaker was Dr. Francis W. Pritchard, pastor of the First Presbyterian Church, of Amarillo. In a concise but masterful address Dr. Pritchard set forth the four great fundamentals for human motivation. In the first place, people live by work. To be deprived of a means of livelihood, or the opportunity to fill some job, is one of the most devastating blows a person can receive. To feel that one is wanted is an essential to social well-being. From the insect society to divinity the universe hums with work.

Likewise men live by play. One who boasts that he has no hobby, that a vacation is not essential, or that he is above the level of play is a monstrosity. Relaxation is essential to balanced living.

In the third place, men live by love. Love as exemplified by Christianity has never failed. It expresses a way of living that remains unchanged. Love is never demanding but receives its own reward. The only way to have a friend is to be one.

In the fourth place, men live by worship. To realize that a higher power invokes the reverence of every sane person is proof of a spark of the divine within every human soul. Real religion consists not of creeds and dogmas but is a heart-warming

President Truman is given divided advice on whether to appoint a big-name committee to sift evidence of Communist infiltration into Government. One group feels that this may be the way out of an embarrassing political situation, while another fears that it may backfire by dignifying the whole search for Communists.

Thomas Dewey, Republican presi-

dential nominee, is enthusiastic about the quality of political pay dirt uncovered in the congressional spy hunt. The search for Communists and fellow travelers who rose in Government service in recent years is to be pushed harder than ever in months just ahead.

Perpetual Motion Machine Is Hidden Somewhere in West

SEATTLE.—Somewhere in the Northwest today there is a machine which represents a half-million dollar investment and half the life of Peter Mollow Ivanoff.

Ivanoff worked for 30 years in his 300 thousand dollar Seattle machine shop to overcome friction.

But he would have bristled with indignation if you asked him, "And how's your perpetual motion machine coming along these days, Ivanoff?"

"He called it a co-motional machine," said Lawrence Vick, disciple of the brilliant Bulgarian, who died here several years ago.

"He wasn't a failure—he had something, I'm sure of it," Vick said.

"You could walk into his shop, twirling a shaft of a multi-gear gadget. And you couldn't hold the other end of the shaft with a Stillson wrench."

Offers His Services

Today, Vick offers his 20 years' experience as machinist with Ivanoff to any engineer who is willing to continue where the Bulgarian left off.

"But it would be much easier if we could find that machine," he said.

Ivanoff, having no living relatives, bequeathed his plant and machine to several Vancouver (B. C.) residents who had subsidized his work with cash gifts.

Vick said he thought the frictionless machine was gathering dust in some Vancouver warehouse, but the 14 trustees claim the machine is still in Seattle.

"Ivanoff ignored the guffaws and chiding of professors who referred him to basic physical laws when he began his experiments," Vick said.

Engineer Conducts Test

But finally—after 30 years' work—he was ready to unveil his invention and a large electrical company sent an engineer to conduct tests.

"A battery of meters was attached and voluminous notes were taken," Vick said.

"The last meter was read. Immediately the engineer signed an affidavit claiming the machine free of friction."

But the engineer was signing his own dismissal notice. "The company fired him on the spot, accusing him of wrongly connecting a meter," Vick said.

Vick, however, believes the engineer. No one knows what Ivanoff thought, but shortly afterward he began wasting away. The doctors said he died of cancer. Vick isn't so sure.

Holdup Men Force Victims To Have Champagne Spree

SACRAMENTO, CALIF.—Police sought three holdup men who reportedly forced two victims to drink champagne until unconscious.

Albert Soulaies, detective, said five employees of one of Sacramento's plushier bar-restaurants told this story:

At 2 o'clock in the morning three customers pulled guns on the five workers. Three of the employees, Clem Smith, Ray McCarthy and Rudolph Neuman, were bound.

Two others, Martin Kalana and Kikiaki Iwaki, were forced to drink champagne and wine. Their hair was scissored off and their clothing torn.

"The last I remember," Kalana told police, "somebody was standing over me saying 'Hurry up and drink some more!'"

Kalana and Iwaki spent one day recovering in a hospital.

A sixth victim, George Miller, was hurried in at gunpoint from a service station nearby, police were told. He and Smith were robbed of \$150 before the gunmen left the cafe.

Smith had been ordered to open the restaurant safe by that hour, but fumbled unsuccessfully, Soulaies said.

Worried by Zooming Prices, Landlord Cuts Tenants' Rent

RACINE, WIS.—Col. L. C. Christensen has expressed his concern over the high cost of living by reducing the rent of 112 families by \$5 a month.

"Why all the commotion?" he asked with the air of a man who has just bitten a dog. "I've done peculiar things before."

He said the rent was cut in appreciation of his tenant's thoughtfulness and promptness in paying their rent.

His firm, Col. L. C. Christensen Associates, handles the rental of more than 200 properties. The 112 rent reductions were given to tenants who have been with Christensen for more than five years.

The white-haired Christensen, in the real estate business for 46 years, owns many of the properties affected by the rent cut, but also will absorb the loss of income from properties owned by others and handled by him, he said.

"People have more trouble meeting their obligations today than they did two years ago," he explained. "This is my contribution toward holding down the cost of living."

The reduction will mean a loss of income to Christensen of \$560 a month. The nine month gift will cost him \$5040.

Apparently honesty isn't the best foreign policy.

SHORT STORY

By
ANN HARRIS

"BUT, sergeant," Gilson insisted, "last night at midnight I was home in bed. He—" pointing to a pompous individual sitting near, "he didn't see me at that hour. He couldn't, unless he was up in my room."

The other sneered. "Yeah," he said, "you were home in bed. Your ghost, I suppose, was walking about at midnight."

The sergeant raised his hand for silence. He had known Frank Gilson, whom he was questioning with regard to a burglary of the night before, as a quiet family

3-Minute Fiction

man, employed as a mill accountant for a number of years, and always honest and trustworthy. He was loath to believe that Gilson had now turned to burglary, breaking into a hardware store, cracking the safe and robbing it of \$2,000.

The mills, however, had been closed for nearly six months, and Gilson may have been driven to theft through need. He had a family to provide for.

Although Howard Crossley, the pompous one who claimed to have seen Gilson fleeing from the vicinity of the store at midnight, was a newcomer to the town, yet he was respected by all who knew him.

The sergeant knitted his brows. It was a case of mistaken identity he felt sure.

"Maybe," Gilson spoke up, "Maybe he robbed the safe himself."

"What!" Crossley shouted. "How dare you intimate that I would do such a thing?"

"Why did you say that?" the sergeant asked Gilson.

"Well," Gilson replied slowly, "one day last week I saw him examining the back windows of the store. He noticed, too, that I was watching him. That is why he is now accusing me. It was through the back windows you say the burglars got in."

Crossley sprang to his feet. "You lie," he cried hoarsely, "you never saw me near the windows."

THE sergeant told him to be quiet. Crossley apologized. "Now the man you saw near the store," the sergeant asked Crossley, "you are sure was Gilson? Perhaps you made a mistake."

"I made no mistakes," Crossley replied firmly. "It was he."

"Tell us again just how you came to be there at the time, and saw Gilson coming away."

"As I said before," he began, "I had been at my office all evening. It was nearly midnight when I left. I walked down Main street, intending to go to the restaurant."

"At the corner of Main and Pine streets, where the store is, I turned into Pine. The restaurant where I usually lunch is at the other end. When about in the middle of the block I noticed a man slinking close

"He was slinking close to the building."

to the building, occasionally looking backwards over his shoulder. When he caught sight of me he jerked his arm up and pulled his hat down over the side of his face, the side closest to me—the right side. I had already recognized him, though. It was Gilson."

"What did you do after that?" the sergeant asked.

Crossley continued, "From the man's actions I suspected that something was wrong and started to hunt for the constable."

"You positively identify Gilson as the person you saw?"

"I do. I saw his face clearly before he pulled his hat down."

All the while Crossley was speaking, Gilson was listening attentively. "You say," he asked finally, "that I pulled my hat down over my face and ran back? How could I see where to run with my face covered?"

"I didn't say you covered your whole face," Crossley snapped. "I said the right side. Your left eye was open and I guess you could see with that."

"What are you laughing at, Gilson?" the sergeant broke in. "Unless you can prove where you were last night, it may go hard with you."

Gilson made no reply but took off his spectacles and wiped them carefully. Suddenly he pulled his left eye out of its socket and handed it to the sergeant.

The eye was glass.

Apparently Henry Wallace would rather be Left than be President.

Special Train To Run Sunday to the Boys Ranch Program

The biggest day of the year, for the boys at BOY'S RANCH, is next Sunday, September 5th. That's the day of their third Annual Rodeo and Barbeque, and every boy, both young and old, has been looking forward to it for a long, long time. It means a chance to show off the Ranch to everyone, and they all have tremendous pride in it. They also have a chance to do a little showing off themselves.

Leonard Stroud, the former World's Champion trick roper and rider, has been coaching the older boys, and they have been practicing hard to put on a real show. In fact, the Rodeo, this year, promises to be the best yet.

John Snider will cook up one of his famous Barbeques, and from what we can learn, there will be plenty of good food for everyone.

For those who drive to the Ranch, tickets are \$1.75 for the Rodeo and Barbeque. For those who take the special train from Amarillo, tickets are \$3.75, and that includes round-trip train fare.

The special guests of honor will be six or eight of the Old Timers that used to live at Old Tascosa when it was a town. They'll probably be mighty surprised to see the big change that's come over the place since they left, years ago.

Mark next Sunday, September 5th with a red pencil on your calendar. That's the day of the BOY'S RANCH third Annual Rodeo and Barbeque at Old Tascosa, located 40 miles northwest of Amarillo on the North bank of the Canadian River. Barbeque time is 12:00 o'clock, and the Rodeo starts promptly at 3:00 p.m.

Wayside News

Our Summer Union revival is progressing nicely with Rev. Williams doing the preaching and Rev. Unruh directing the singing.

The annual McGehee reunion was held last Friday at Elwood Park in Amarillo.

Mrs. W. I. Lane is having their dwelling also the store building painted. Cliff Abbott of Canyon is doing the work.

Mrs. E. A. Franklin and daughter Mrs. Leary Jaeger of California are visiting relatives on the South Plains this week.

Mrs. Maggie Culwell and Bob Collingsworth of Amarillo were married Aug. 11 and left immediately for his mother's home in Oklahoma.

THANKS A MILLION Friends of Randall County

Words cannot express my deep and sincere thanks to all of you for the support which you gave me in the second primary on Saturday.

I shall continue to serve you as your County Treasurer as courteously and efficiently as it is possible for me to do.

Thanks, again, for your support.

MRS. ELZIE PRICE

They are at home in Canyon at present.

Mr. and Mrs. Rolland Moore of Vigo Park attended church at Wayside Sunday night.

Mr. and Mrs. W. R. Franklin attended church at the Assembly of God church in Tulia Sunday morning.

Mr. and Mrs. Charles Kennedy and boys visited his mother in the hospital Sunday. They also visited Mrs. Doris Gillham in the same hospital in Canyon.

Mrs. Kotton McGehee and little daughter Dixon were brought home from the hospital this week; both doing fine.

The Glenn Mahler family of Borger spent the week end in the parental E. J. Mahler home.

Mr. and Mrs. Jack Buster have purchased a house and moved it to their lots and expect to make a modern home in Wayside.

Mrs. J. R. Stockett still in the hospital and is improving. She ex-

pects to come home first part of the week.

J. R. Stockett has let the contract for a Quonset building to be used as a granary. They have already started putting the material on the site and expect to have it completed in a few days.

W. R. Stockett is having his house bricked.

This Guy Isn't Doing Bad

Just How Great Is Russian War Plant Possibility

Just how great is the Soviet Union's industrial and war potential? That is the \$64 question which has been bruited about furiously during the past year or two. It is, of course, impossible to answer it completely or with unquestioned accuracy—the Russian security system has its leaks, but it is fairly efficient. A good deal of pertinent information has become available for those who know how to add it up.

Life magazine recently devoted 10 pages to "A Report on Russia's Strength." It appears to be about the most complete survey of the subject yet made available for public consumption. And it gives an interesting insight into the resources of the East as compared with those of the West.

First of all, Russia has the world's largest standing army, numbering about 3,000,000 officers and men. It has a huge air force, with 14,000 planes in commission. It is rapidly building a submarine fleet of highly advanced design. And, so far as anyone can see, its industrial expansion is keeping up with the ambitious objectives laid down in the current Five Year Plan.

As Life says, "These military and industrial prospectives sound impressive, but they are subject to tremendous qualification, particularly in the relation to quality." First of all, the Russian army is pretty largely on a garrison basis, and is not prepared for an immediate major offensive. More important, in the long pull, is the apparent fact that most of the 14,000 combat aircraft are left over from the war, and are obsolete by modern standards. An exception to this is a jet fighter which, it is believed, is comparable to the best American and British models of the type. It does not seem likely that the Russians have a really first-class big bomber. Their newest model is a version of our B-29, which they have developed as

a transport as well as a combat arm. In this connection, it is an interesting fact that the Russians "expropriated" one of our B-29's which was forced down in Soviet territory during the war. The crew was treated with all consideration, but the plane simply disappeared.

Russia has practically no surface fleet. Like Germany, she is concentrating her major effort on the submarine. Life says that she has about 250 of these undersea craft in operation now, of which about 100 are snorkel-equipped. The snorkel is a device for permitting the sub and its crew to breathe under water, and allows a diesel-powered craft to run below the sea for as much as 15,000 miles. It was developed by the Germans, and Russia got a number of the Nazi U-boats when the last war ended.

Going on, Soviet production, by her standards, is doing well. However, she is far behind the United States. As an example, she will produce less than one-quarter as much steel this year as we will. She hopes to produce 250,000,000 tons of coal in 1950—and we passed that level 45 years ago. She is giving everything to upping her output, which is one reason why the standard of living of the Soviet citizen is even lower than in prewar days.

Finally, Life describes Russia's incredibly complex plan for moving much of her heavy industry behind the Urals, to Siberia, where it would be as remote from attack as possible. The move began in 1930, and it has been greatly accelerated since the end of the war. To that end, she is developing every resource as swiftly as she possibly can.

All in all, Russia is a major military power. She is becoming a major industrial power, though she has a long way to go before she can be compared to this country. As Life puts it, "For a peaceful nation this great internal expansion could make Siberia a rich treasure house of progress. For a nation bent on war, it could produce an industrial fortress capable of supplying vast military forces and subject only to difficult, long-range attack." Which choice the Russians will make is the principal problem the world faces.

Economic forecasters are singing the blues again—predicting higher prices for the second half of 1948, to be followed by a recession in the first half of 1949. A year ago they made the same prediction for 1947 and 1948 and were right about prices—but the recession failed to show.

Fisherman Plans To Trap Whales With Waltz Music

Boston. — Capt. Jack Doane, fingered his gray chin stubble and allowed as how his whale jail would make him world famous or an international flop.

The 69-year-old fisherman plans to cruise New England's coast like a sea-going Pied Piper, luring whales to the surface with Strauss waltzes and then corraling 'em.

He's positive his theory will work. Said he'd been working on it a generation. He has convinced Capt. Jack Lang, skipper of the S.S. Westport, and excursion fishing vessel, to lend his boat for the experiment.

"I'm a peaceful man, considered most ways," Captain Doane observed to leeward. "But ever since I was a shaver in Nova Scotia I've hated whales."

Whales Cause Trouble

"Something about 'em just tangles my rigging. Lately they been causing trouble—much—in these parts."

"I mind how they rammed the excursion boat of the Ancient and Honorable Artillery company of Massachusetts. Short time ago one up-ended a fishing boat down province-town-way and like to kill a boy."

"Cause of these things and 'cause I just naturally hate whales anyway I figured they ought to be lured into a cove and jailed up there and bopped on the head at leisure, as you might say."

He's the man for the job, he said.

"Yes, mate, I've done plenty of whale research. I know the ugly critters like music. If you remember, they were playing music on the excursion boat when they got rammed."

Lurk Off East Coast

The same whales that have been doing this promiscuous ramming, he said, still lurk off the New England coast.

"My plan is to take the old Westport out and just sit there and play music over a loud speaker system," he said.

"I've picked waltzes by that feller Strauss 'cause they're lazy things that would naturally appeal to a whale."

"The monsters will hear it and come to the boat and we'll lead 'em into a cove we got picked out. The tide will beach 'em and it'll be a regular whale jail. We'll repeat it every day till we've de-whaled the whole region."

A few infidels have scoffed at the proposed whale-jail, the Captain admitted. He attributed this to a general lack of whale savvy. "Let 'em laugh," he chuckled. "I'm a stubborn man."

Woman Tosses Gem-Laden Shoes Into Burning Trash Pile

MILWAUKEE, WIS.—Mrs. Hildgard Sommerfeldt's shoes were worn out so she tossed them into a trash pile to burn.

She said she didn't know there were 50 diamonds in the heel of one of them.

Mrs. Sommerfeldt, 38-year-old Ripon, Wis., bakery employee, claimed her brother put the stones in her shoe when she visited him in Holland.

The brother, Fred Stelter, charged that his sister had stolen 110 diamonds and other jewelry during her Holland visit. He lodged the complaint with federal authorities on his arrival in this country.

Mrs. Sommerfeldt said she did not find out about the gems until her brother told her the stones were in the left heel of one of her "wedgie" shoes.

She said if there were 110 diamonds in the shoes, 50 or more must have been lost when she burned the shoes.

"He never said anything about the right shoe," she said.

Mrs. Sommerfeldt, charged with smuggling, waived preliminary hearing at her arraignment before U. S. Court Commissioner Floyd E. Jenkins. Bail was set at \$5000.

Patrolman Reports Murder of Wife to Police; Admits Guilt

DETROIT. — Howard Forman, homicide inspector, said that patrolman John Mudrick shot his wife to death, then methodically reported the slaying and helped three fellow-officers in the routine of his own arrest.

Mudrick, 36, a suburban Dearborn policeman for four years, was held for investigation with no charge against him.

The victim, Clara Mudrick, 32, was found on the floor of her home, face down, eight shots in her body.

Arresting officers said Mudrick told of quarreling with his estranged wife over his demand for a divorce. She agreed to give him one, according to their account, but would not put the agreement in writing.

Forman said Mudrick called police headquarters after the shooting and told the desk:

"There's been a shooting at 5932 Nickel avenue. Send an ambulance and the homicide detectives."

When officers arrived, Forman went on, Mudrick met them and said:

"There's the body. There's the gun."

Then according to Forman, Mudrick stretched out his wrists for the handcuffs and added—"and here is your man."

Candidates elected with the X are often defeated with the XX.

Umbarger News

Mrs. Eugene Frische returned from Scott and White Clinic in Temple Saturday.

Genevieve Hending was bitten by a rattlesnake Friday evening. She is improving rapidly.

Mary Jansen entertained the Junior 4-H Club Thursday evening with a Back to School Party at her home. A barbecued weiner supper was served as soon as the guests had assembled. After supper the girls played games outdoors. Group singing provided entertainment indoors. Guests attending were Father Andrew Marthaler, Mary Fischbacher, Helena Westhoff, Margaret Friemel, Estella Friemel, Betty Hoffman, Betty Higgins, Bernice Grabber, Barbara and Helena Raef, Mary Jansen, hostess, Theresa Batenhorst and Catherine Koch.

The Junior 4-H Club is holding a picnic at Roadside Park in Canyon Tuesday Aug. 31.

Mrs. Clarence Beckman and daughter left for California Thursday Aug. 26.

The Knights of Columbus held their annual picnic Sunday. A large crowd attended.

Averell Harriman, in charge of the Marshall Plan operations abroad, is winning over Gen. Lucius Clay, U. S. commander in Germany, in his insistence that the Germans take last place when Marshall Plan billions are divided up. General Clay would like to place more emphasis upon quick rebuilding of Germany as a necessary step in reviving European industry in general.

Maurice Tobin, new Secretary of Labor, is to get the job of stimulating labor leaders to greater efforts on behalf of Mr. Truman's election. Labor unions are planning at this stage to put most of their money and effort into the congressional elections, hoping to defeat a number of members of Congress who voted for the Taft-Hartley Act.

Next sensational target for Senator Ferguson's investigators will be the Economic Cooperation Administration. Preliminary probes have provided substantial indications Communists and fellow-travelers have wormed their way into its foreign staff, administering aid to Western Europe.

First sign of a buyer's market in cars probably would be a slackening of demand in the luxury field. That day now seems far off with Cadillac, blueblood of the General Motors line, reporting 112,000 "firm" unfilled orders against 63,500 cars and chassis scheduled for production this year.

Argument among top policy makers is growing over the question of future supports for farm prices. Officials representing industry and labor want prices to be permitted to fall much below existing support levels. Officials representing farmers are on the side of relatively high support prices. Farmers are expected to win.

Tom Clark, Attorney General, is going to be under increasing pressure to let Congress have FBI records of what it has found concerning some important past and present Government officials. Mr. Clark has resisted co-operation with Congress.

PAUL LINDSEY AND MISS KATHERINE FINLEY WED

Paul Lindsey and Miss Katherine Finley were married at 8:30 o'clock on the morning of August 25 at the home of Mr. and Mrs. Jay Prichard. Dr. Roy Johnson officiated.

Mr. and Mrs. Prichard were the only attendants.

The couple went to Colorado for a few day honeymoon, returning home Saturday.

Mr. Lindsey is owner of the Lindsey Motor Company. Mrs. Lindsey has been employed at this business for several years and will continue in charge of the office work.

Despite his pledge of bipartisanship, Gov. Dewey will wage a strong political fight on U.S. foreign policy. He will say that the policy was all right as far as it went, but Administration bungling is more responsible for world unrest today than any cold war adversary has been.

Pilots Call P-80 An Obsolete Plane

DETROIT. — Air Force pilots at Selfridge Field, Michigan, complained that the jet-propelled "Shooting Star" isn't fast enough to fight the new bombing planes. They revealed that in recent air maneuvers, a P-80 "Shooting Star" fighter group was unable to intercept a flight of B-29's only 150 miles away.

Pilots of the planes were even more vigorous in their comments. Capt. James B. Raebel, a World War II veteran, declared the Shooting Star is now "obsolete," and that new, conventionally powered bombers are so "souped-up" that the P-80 pilot can attack them only with difficulty.

Another pilot, Major Stuart B. McLeod, explained: "The P-80 has a terrific speed near the ground—about 580 miles an hour without vibrating to pieces. "But that vibration comes on much sooner upstairs, where the bombers are — around 30 or 35,000 feet.

"So, when we make that initial pass, we're going only about 50 or 60 miles faster than the 400-mile-an-hour B-29, and we catch one only over a long distance — which eats up fuel and takes us too far from base.

"Meanwhile, we're sitting back there like ducks in a shooting gallery for the bomber gunners to sharpen their marksmanship."

The pilots belittled the possibility that other countries may not have bombers capable of the high altitude flight and speed of the B-29.

Asserting that new model fighter planes now in the experimental stage are far superior to the "Shooting Star," Gen. George C. Kenney, chief of the air force strategic command, said that the air force does not have the money to purchase them on a large scale.

Skipper Sights Gigantic Sea Monster-On Whiskey Run Reef

EMPIRE, ORE.—Ben Tanner, skipper of the troller Gold Coast, said that a monster approached his boat, smacked its lips, rolled its long-lashed eyes, pointed its tail in the air and dived straight down.

Tanner's experience jibed with other recent reports of "sea monsters" in the area. Scientists say the monster probably is a sea elephant, rarely seen in these parts.

In any event, Tanner said, sighting of the monster had nothing to do with the name of the habitat—Whiskey Run reef.

Chicago Bootleg Figure of Early Gang Era Dies—in Bed

CHICAGO, ILL. — Peter Genna, 67, one of the six notorious Genna brothers of the early Chicago gang era, died in bed.

Pete thus became the second Genna to die a natural death. Two brothers "checked out" in gangland style and a third was killed by a policeman.

Police records disclose that the Genna "boys" rose to power in the early twenties by organizing "alky cookers" into bootleg traffic. After Dion O'Banion, north side beer baron, was slain in November, 1924, the Gennas tumbled fast. Apparently O'Banion's friends believe the Gennas had a part in the death.

Six months later "Bloody Angelo" Genna was ambushed. Less than a month later "Little Mike" duelled with police. Two policemen and Mike were killed. Brother Tony died three weeks later in a hospital bed after he had been shot by gunmen.

Pete and Sam joined brother Jim in Italy later but returned in 1926. In 1930 Jim returned and tried to revive the "business," but a shot-gun escapade with gunmen, in which he escaped injury, changed his plans.

Jim died in 1931. Sam leads a quiet life.

Tahitian Chief Can't See Why People Live in America

ST. LOUIS. — Tahiti is still the paradise it always has been, and Chief Charlie Mauu of the Pacific island can't see why anyone would want to live in the United States.

"Politics? United Nations? We cannot worry about such things," the six-foot, two-inch islander said in halting English.

Then he gave his philosophy for happiness:

"Plant more, I tell my people, love more, and have more fun."

Charlie says it works. "Swimming and outrigger canoeing and fishing; there is plenty for everybody," he said happily.

When asked if the Tahitian natives really wore sarongs, Charlie said, "Oh, I put on sandals and the women wear dresses when we go to the city of Papeete, but otherwise one wears only a sarong. Why more?"

Charlie, whose real name is Arutaura Teratahi, admitted he liked the United States.

He said, "I like your ice cream and your buildings. And your girls are very nice. Dorothy Lamour is very nice, and Rita Hayworth — ah!"

Abbott; Barnett Make High Score On Firing Range

Camp Hood, Tex., Aug. 27 — The National Guard unit from Canyon is represented at summer camp at Camp Hood with 87.5% of their total strength. They are taking part in the intensive training program going on.

In an inspection of the barracks Tuesday night, Company E was rated best company in the first battalion by Lt. Col. Hobart Murphy, 142nd Regimental Instructor.

Several of the men from Canyon have racked up good score on the firing range. Both Pfc. Billy E. Abbott and Pfc. Jack A. Barnett scored 46 out of a possible 50.

The company commander is 2nd Lieut. Robert A. Bellah, acting in the absence of Capt. Donald M. Olson. Sgt. Preston D. Prichard is acting First Sergeant in the absence of 1st Sgt. Gene Morrison.

FAIRVIEW 4-H CLUB MEETS WITH MRS. J. M. WESLEY

The Fairview 4-H Club met in the home of Mrs. J. M. Wesley on August 27. A pamphlet on "Food and World Crises" was read and discussed.

The county-wide picnic was discussed.

Refreshments of watermelon was served to the following members and visitors: Betty and Laquita Patterson, Naomi, Mickey and Billy Bryan, Etta Jean Sharpes, Annabel Schaeffer, Mary Alice Brazil and sponsor, Mrs. John Patterson.

Have Children Physically Ready For School Bell

Dr. Geo. W. Cox, State Health Officer, urges the parents of all children who will respond to the school bell for the first time in September to be sure the child is physically ready for school duties.

"First and foremost is the need for vaccination against smallpox. Parents and physicians should see that children are vaccinated before they are one year of age; however if not done previously, at school age vaccination becomes absolutely necessary," Dr. Cox said. "If your child has not been vaccinated, have it done immediately so that the scar will be completely healed before school opens."

Immunization against diphtheria is also highly desirable, Dr. Cox believes. This disease, which causes

THANKS TO VOTERS

I am truly grateful to the voters of Precinct No. 1 for their support in the second primary election held on Saturday.

Your confidence in my ability to make you a good County Commissioner will spur me on to give you the very best service of which I am capable. It is my intention to devote my time to a study of the affairs of the county before taking office and will appreciate your suggestions.

I am truly grateful for the kindness shown me in the race, and will try to repay you by good service.

Pat Baber

TO ALL MY FRIENDS

and everyone who favored me

I wish to express my sincere appreciation for the splendid support given me in the Democratic Primary, August 28.

I do not have words to express my gratitude to my friends for the nice ads in the past two issues of the Canyon News. I do sincerely thank you.

May I also congratulate my opponent on her success.

Will Sing at Methodist Church

The Missionaires Male Quartet from Asbury Theological Seminary of Wilmore, Kentucky, will present a sacred concert at First Methodist Church, at 8:00 P. M., Sept. 7. The Missionaires Quartet is now on its summer tour to the west coast and return. The Quartet has challenged both young and old by its messages in song. The Missionaires' principal tours of the past years have been throughout the states east of the Mississippi. The public is invited to hear this sacred concert which includes famed hymns of the church, Negro Spirituals, New Gospel Songs, and semi-classical hymns and anthems and inspiring testimonies. No admission charge.

8 Amendments on Ballots of Nov. Election

Eight Texas constitutional amendments, including a change in voting districts will be on the November general election ballot.

Secretary of State Paul Brown picked numbers out of a hat to line up the amendments. The law requires this public drawing on the theory that amendments listed first have the best chance of adoption when voters are not familiar with the issues.

Hottest issue is a proposed change in voting districts. It will be second on the ballot. This amendment grows out of the failure of the Legislature to reapportion legislative districts on the basis of population since 1921. The Constitution now says the Legislature shall do so after the United States census every ten years. But it does not compel the action.

Since the last apportionment, the population in some areas of the state, particularly in the Panhandle, the Valley and parts of East Texas, has increased greatly. The proposed amendment would provide a board to apportion the state into senatorial and representative districts if the Legislature fails to do so.

The proposed amendments will be in this order and will call for these things:

1. Permit counties to provide insurance for employees. That insurance is not authorized at present because public money can not be spent for private individuals.
2. Provide a board to apportion senatorial and representative districts if the Legislature fails to do so.
3. Permit changes in community property that would in effect prevent both husband and wife being taxed for inheritance.
4. Clarify succession to the office of Governor. The recent row over the Governor's office in Georgia prompted this amendment.
5. Increase the tax exemption on all residence homesteads to \$3,000 if another amendment which is No. 7 on the ballot is adopted.
6. Put all peace officers on a salary basis. Some are now paid by fees.
7. Prevent the state from levying ad valorem taxes for general revenue purposes after Jan. 1 and permit counties to levy them for two purposes — farm-to-market roads and flood control. School taxes levied on an ad valorem basis would still be within the state's jurisdiction.
8. Provide retirement and compensation for judges and commissioners of appellate, district and criminal district courts. It would be based on length of service, age or disability.

A survey recently completed shows that since 1876 approximately 1,929 amendments to the Constitution have been proposed to the House and Senate. Up to 1945, 170 of these had been submitted to the people and 94 had been adopted.

The lengthy Texas Constitution covers so many areas that frequently laws which may be in conflict with it require constitutional amendment.

President Truman's campaign strategy calls for a hard-driving campaign designed to get people to vote in record numbers, on the theory that a big vote gives the Democrats the edge. Mr. Dewey, however, is operating on the theory that a big vote will give the Republicans the edge this year, owing to what the Republican nominee regards as a desire for change.

Mr. Truman is somewhat disappointed by the political reaction to high costs of living. The voting public appears to be showing more interest in wartime spies than in the price of meat.

Chairman Irving S. Olds of U.S. Steel Corp., thinks imposition of price controls, without similar restraints on wage increases and transportation rate rises, would be disastrous for the nation's industry.

First Reunion In 45 Years For Cage Family

John Cage of near Amarillo is in Los Angeles attending a reunion of the Cage family. The four brothers and four sisters who live in wide-spread sections of the country lived in this vicinity before their separation 45 years ago. At that time the baby of the group was only 3 years old.

Through the years all the brothers and sisters have kept in touch with each other. They planned a reunion five years ago, but it was war-time then and the affair did not materialize.

Mrs. Norman J. M. Finlayson, of Seattle, Washington, held to the idea of a gathering of the clan, however. She was the one who organized the present get-together in Los Angeles.

"At first, we seemed a little like strangers," says John Cage. "Soon, though, we got to cracking old family jokes and rediscovering each other."

Besides Mrs. Finlayson and John, the other members of the family are: Roy C. Cage, Hemet, California; Miss Frances B. Cage and T. B. Cage of Los Angeles; Mrs. Allen H. Cowlett, Washington, D. C.; Mr. M. Jeanne Fee, Granada, California; and William Cage, Phoenix, Arizona.

✓ DELIVERIES, ✓ TRADE-INS
✓ FINANCING, ✓ ACCESSORIES

When an automobile manufacturer produces a car so obviously ahead of the times as the Futuramic Oldsmobile, it's only natural that demand for that product should reach record-breaking proportions. Add to this today's pent-up need for automotive transportation—plus continuing shortages of steel and other critical materials—and you'll see why we, as Oldsmobile dealers, have a real problem on our hands. We value the good will of all our customers. We would like to provide

OLD SMOBILE
FUTURAMIC 4-DOOR SEDAN

OUR PLEDGE TO THE PUBLIC

✓ DELIVERIES—We will deliver all new Oldsmobiles at the earliest possible date consistent with production.

✓ TRADE-INS—We will take your order and deliver your car without requiring a trade-in. However, we have many valued used car customers we would like to supply, and we will give you a fair and reasonable allowance on your present car.

✓ FINANCING—You may pay cash for your new Oldsmobile or finance it wherever you wish. We will be glad to furnish low cost finance and insurance terms if you so desire.

✓ ACCESSORIES—All cars are delivered with accessories as ordered, and prices are figured to cover these. We pledge ourselves to add no "extras" except those each customer orders.

YOUR OLDSMOBILE DEALER

Place your order now. The sooner you place it, the sooner you will get delivery of your new Oldsmobile.
